CIP  
M

**LOS AMMO CARTRIDGE**  
**9MM LUGER FMJ**  
**124 grain/8g**

These are the most used CARTRIDGES in small pistol ammunition in all segments. Suitable for sports shooters, law enforcement, security organizations and civil use.

**QUALITY CONTROL:**

We work by CIP quality and providing safety for products for our users. We have thorough control in the production to ensure the best performance of every product.

**LOS AMMO CARTRIDGE**  
**9MM LUGER CPB**  
**123 grain/8g**

We are informing you that we started to produce 9MM Luger ammunition with fully copper plated bullet.

We manufacture every product with care, but with this one we can ensure cleaner air at the shooting range. This product is ideal for indoor and outdoor shooting ranges because the bullet is completely copper plated and does not cause additional pollution, especially indoors.

Want to become Los Ammo ammunition dealer, please contact us: [info@losammo.si](mailto:info@losammo.si)
