# 2025 PRODUCT CATALOG

[WWW.TORI.COM](http://WWW.TORI.COM)

Tori Defence introduces all innovations to the industry by increasing awareness, monitoring and evaluating parallel developments with the evolving world technology. Preferred both domestically and internationally for its quality and product variety, Tori Defence is exporting to regions that significantly influence the global arms industry.

Although it has achieved the desired quality in the sector, Tori Defence with its production, the company aims to become a global brand by incorporating these superior products into future production. Since 2021, Tori Defence has strengthened Turkish Defense with its new, entirely domestic and national model, Tor1, backed by its R&D studies. It is rapidly carving a niche in the industry with its new models, with TOR1 and TOR1-Xt and their advanced versions, as well as the various models and designs currently being developed. During this long-term journey, Tori Defence combined with an innovative approach, now offers a wide range of products, from military weapons to pistols, catering to civilian users, law enforcement agencies, and armies of numerous countries, particularly Türkiye.

Underpinning this success is a combination of trust and belief in its employees, cutting-edge production processes, quality, corporate organizational structure, customer satisfaction, innovative design, and ongoing R&D activities. With products used in 30+ countries across 7 continents, Tori Defense is a brand that has established itself as a reliable supplier in the global arms market.
