Season's Greetings and warmest Christmas wishes to you and your team

On behalf of Aoxiang, Yuantong & Kingstar Optics and all our colleagues, we would like to express our sincere appreciation for your continued support and trust.

We truly value our partnership and look forward to an even closer and more successful collaboration in the coming year.

Wishing you a joyful Christmas and a prosperous New Year.

The Yuantong engineering team has announced the launch of a new rangefinder ED binocular model (SYT918-10x42). This new binocular features an excellent optical system, delivering clear and sharp images. It also boasts a lightweight magnesium alloy body and a 5-level brightness adjustment (with both black and red display options). If you're interested in this new product, please feel free to contact Johnny for more information.
