

durchgeblueht-Perennial mulch

Mulch made from 100 % hemp

Ideal for organic gardening and public green spaces

Product details

- Volume: 215 l (sufficient for approx. 4–5 m²)
- Raw materials: 100 % plant-based agricultural materials (hemp)

Application

- Apply a even layer 3–5 cm
- Watering thoroughly promotes settling and prevents wind drift (prevents the material from blowing away)

Benefits

- Suppresses weed growth
- Protects the soil from desiccation
- **Free** from tannins, phenols, or terpenoids
- Maintains soil gas exchange
- Repels slugs
- pH-neutral
- Foot-traffic resistant
- Protects soil fauna
- Pesticide-free
- Cost-effective and durable (lasts for 3–4 years)

Directions for Use

Used for mulching planted areas and perennial beds. Suitable for all soil types. Loosen the soil, remove weeds, and spread a layer of Perennial mulch evenly over the area. Suitable for year-round application
