## Harry 2.0 Muzzle – Short & Wide Fit (Mid-Size)

### Weight

The standard Harry 2.0 Dog Muzzle weighs approx. **248 grams**.

### Fit & Function

This is the mid - size muzzle in our Short & Wide Fit collection - ideal for dogs with broad heads and relatively short snouts.

### What's New in Harry 2.0

1. Improved Chin Space: The area beneath the treat hole is now bowed outward for dogs with slightly undershot jaws.
2. Slimmer, Lighter Bars: The overall design has been refined to make it lighter for your dog.

[www.themuzzlemovement.com](http://www.themuzzlemovement.com)

3. Smoother Cheek Edges: All edges in contact with your dog's cheeks have been smoothed.
4. Harsh Edges Removed: Every inside edge has been polished for total comfort.
5. Wider Cheek Room: We've removed the inward "tick" on the inner cheeks top corner for a more comfortable fit
6. Better Neck Clearance: Redesigned corners near the neck for easier head movement.
7. Thinner Internal Bars: Reduced bulk for a sleek, comfortable fit.
8. Less Bulky Head Strap Fastening: The headband now fastens in a way that prevents the noseband from pressing down on your dog's nose.

Bulldogs (please reach out for sizing advice)  
Pitbull type

## Pippa Muzzle – Short & Wide Fit (Smallest Size)

### Weight

The standard Pippa Dog Muzzle weighs approximately **114 grams**.

### Fit & Function

This is the smallest muzzle in our Short & Wide Fit collection, designed for comfort and security. Engineered for dogs with short and wide heads, but smaller overall proportions than those that fit the Harry muzzle.

### Key Design Features

**1. Shortest Muzzle Length in Our Range:** Crafted for short snouts while still allowing for safe, functional use.

**2. Contoured for Undershot Jaws:** The area beneath the treat hole is bowed outward, accommodating slightly undershot bites and unique jaw shapes.

**3. Smooth Comfort Touchpoints:** All cheek and internal edges are smoothed to minimise discomfort.

**4. Vision-Friendly Head Strap Design:** A flat head strap fastening to minimise visual obstruction and improve spatial awareness.

**5. Freedom to Move Naturally:** The pant space is engineered to support effective panting without compromising head or neck movement.

**6. Streamlined Internal Structure:** Thinner internal bars create a sleeker, lighter, and more comfortable fit without sacrificing strength or stability.

## Tolly Muzzle – Medium Fit

### Weight

The standard Tolly Dog Muzzle weighs approximately **166 grams**.

### Fit & Function

Tolly is designed for medium-sized breeds, offering more width than our smaller muzzle sizes, but overall it is not as large as the Taz muzzle. It provides less panting space, which may better suit medium breeds that don't have a large pant.

### Key features –

- Wider fit than our small muzzle sizes
- Lightweight and easy to wear for active dogs
- Ideal for medium dogs who need moderate panting space

# Foam Nose Band BUNDLE

the  
**MUZZLE**  
MOVEMENT

## EXTRA COMFORT & NOSE PROTECTION

Offer your customers added comfort and welfare with the Foam Padded Nose Band - a highly requested add-on for sensitive dogs and long-duration muzzle users.

This easy-to-install upgrade adds gentle cushioning over the nose, helping to reduce friction, pressure, and potential irritation. 

### BUNDLE OPTIONS

- All nose bands are made with black foam padding and black Biothane overlay
- Comes with 2 x Chicago screws and nickel hardware for secure installation.

**Size bundle (select one size)** - includes 10 x of the selected size (7 x standard option and 3 x star\* option)

**1-of-each bundle** - includes one of each size in either standard or \*Star (longer) option

*\*Nose Band is designed for dogs who benefit from a longer fit at the nose. It's an ideal upgrade for guardians seeking more customisation in their muzzle fit, especially for long-snouted breeds.*

### Especially helpful for dogs with:

- Sensitive noses or thin coats
- Prominent nasal bones
- History of rubbing or irritation
- Extended wear needs (e.g. working dogs, travel, long walks)

This upgrade enhances comfort but may slightly reduce pant space, so we advise use only where adequate panting room remains.

### Key Benefits for Customer

- Helps prevent rubbing on the bridge of the nose

- Ideal for dogs with minimal fur or delicate facial structure
- Supports longer wear time with improved comfort

### Key Features

- Easily replaces existing nose band using supplied hardware
- Includes 2 x Chicago screws
- Foam padding is always black for a clean, consistent look

If replacing a riveted nose band, cutting/removal is required

- Enhances muzzle safety for working dogs, reactive dogs, and outdoor adventurers

## The best dog muzzles fit well

Muzzles should fit and feel good - ours look good too. Our muzzles are designed to give your dog freedom to be a dog! Dogs wearing muzzles shouldn't live restricted lives or miss out on all the doggy things they can do without one.
