

A man wearing a grey cap, a tan long-sleeved sweatshirt, and dark shorts is walking a black dachshund on a red leash in a grassy park. The dog is sniffing the ground. The background consists of lush green trees and a bright, sunny atmosphere.

# EUROPE HAS NO gooby<sup>®</sup>. YET

Gooby in Europa? Noch nicht. Aber bald

Proprietary designs

Owned manufacturing

Proven at retail

## Built to Last. Built to Scale.

Gooby has been designing and manufacturing small dog harnesses, apparel, and leashes since 2002.

Every product in our line features proprietary functional design — produced in our own Vietnam manufacturing facility.

## Why gooby®?

**EST.2002**

**Est. 2002**

Over two decades of small dog specialty manufacturing

**Owned Manufacturing**

100% Customizable in-house sampling team ready

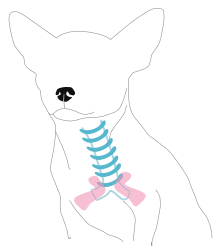

**100% In-House**

Our own facility in Vietnam ensures consistent quality and cost control

## Problems We Solve

### #1 Choke Free

**Problem**

Harnesses press on the trachea. Over time, the pressure causes real damage.

**Solution**

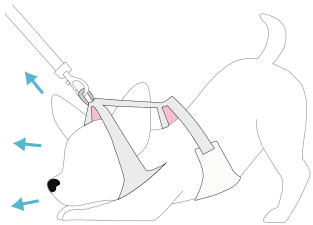

X-Frame and Deep V-Neck Design redirects force away from the neck entirely.

### #1 Choke Free Comfort X Step-in Lite

- Easy to Wear**  
Step in, clip up. No pulling over the head.
- No Choking**  
Zero pressure on the neck. Force goes to the chest and shoulders.
- Stays Cool**  
Lightweight breathable mesh. Dries fast in any weather.

### #2 Escape Free

**Problem**

Small dogs back out of standard harnesses in seconds. Most owners find out the hard way.

**Solution**

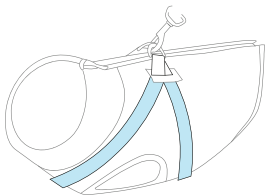

Tightening mechanism contracts when pulled, releases when relaxed.

### #2 Escape Free Escape Free Easy Fit X

- Escape Free**  
Zero pressure on the neck. Force goes to the chest and shoulders.
- Keeps it On**  
Snug when pulling. Comfortable when resting. Fitted every time.
- Easy to Wear**  
Step in, zip up. Ready before they are.

### #3 Winter Harness

**Problem**

Dog coats offer zero safety. No secure attachment when you need to control your dog.

**Solution**

Internal built-in harness with d-rings means leash clips directly to the jacket.

### #3 Winter Harness Fleece Reversible Zip Up

- No More Layering**  
A winter jacket with a built-in harness.
- Two Looks in One**  
Two sides, two styles. One flip.
- Easy On, Easy Off**  
On and off in seconds with one zip.

## Why Distribute Gooby

### 1 Low Risk Entry

Start from 100 units. No floor on catalog orders. FOB Vietnam. Test the market before you commit.

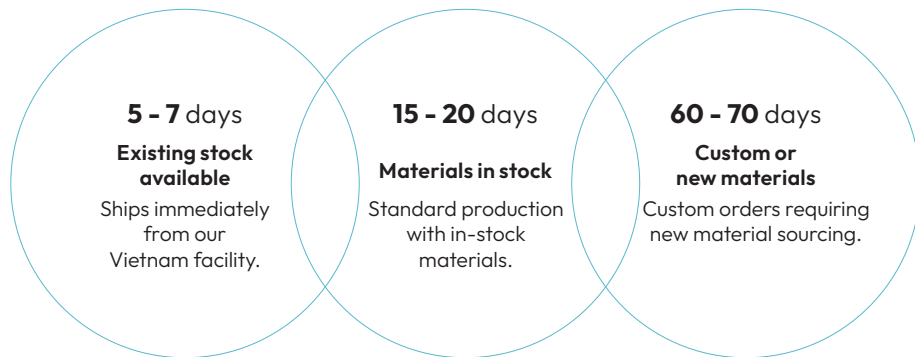

### 2 Strong Margin

Competitive wholesale structure built for distributor profitability. We own our manufacturing — we control our cost, and yours

### 3 Your Market, Your Way

100% customizable. In-house sampling team. We adapt to your market's needs without third-party delays.
