# Teams Manager

Governance for Microsoft Teams with templates, approval workflow, lifecycle, naming conventions, and more.

[Test it here](#)

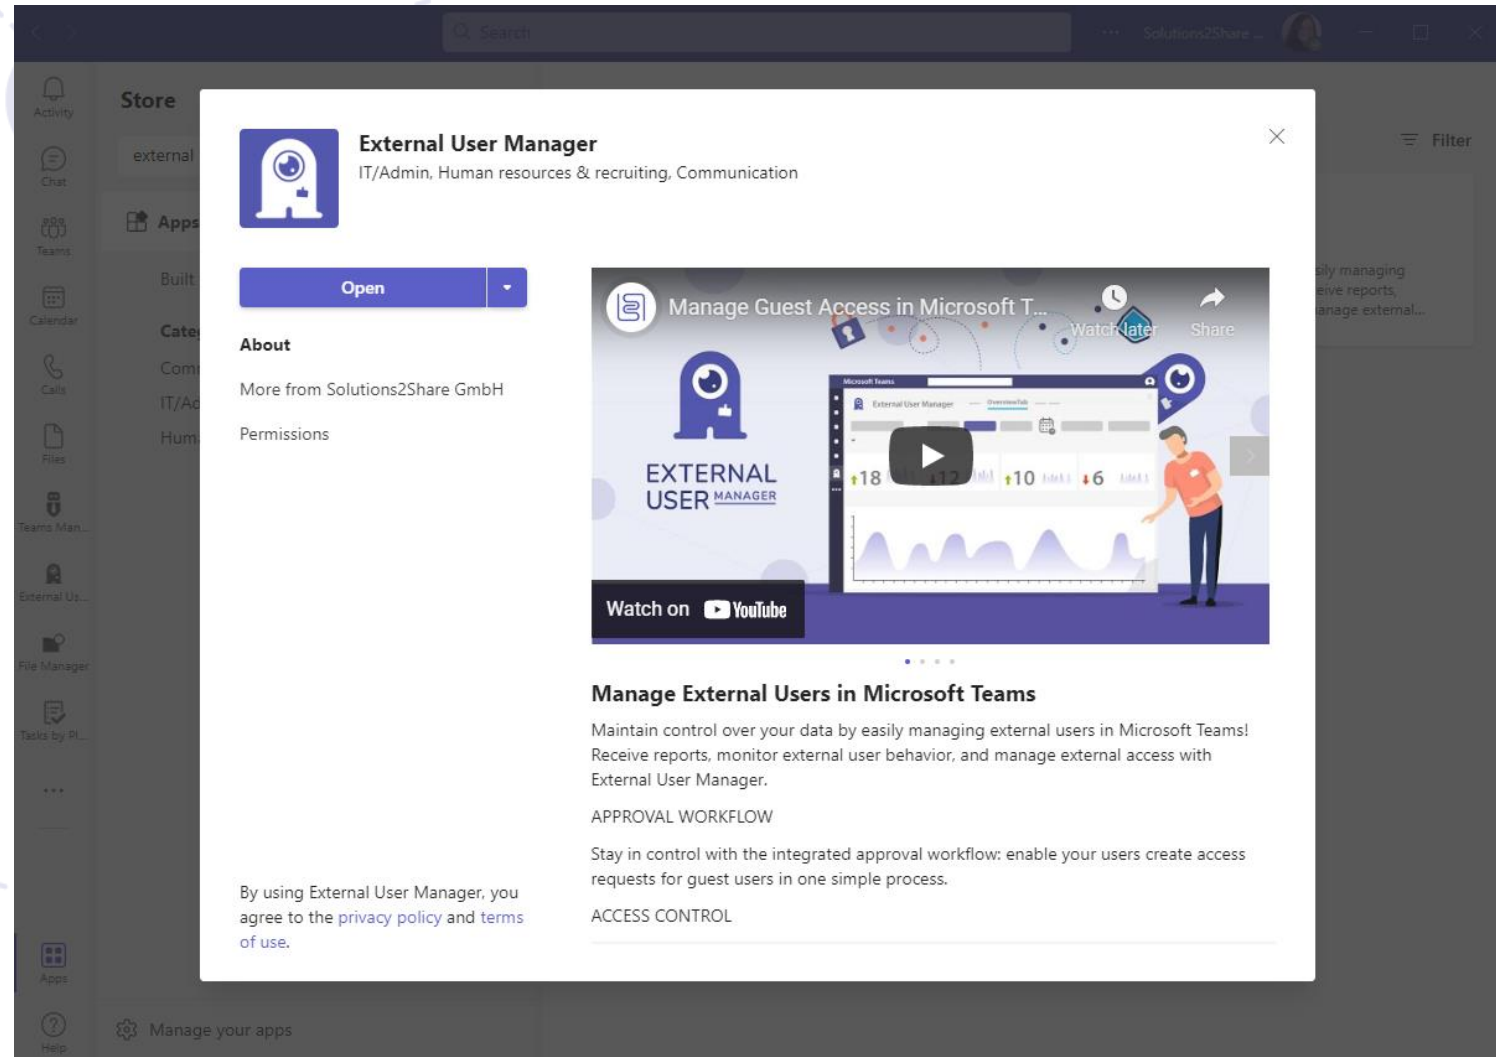

# External User Manager

Security and compliance when dealing with guests: approval workflow, lifecycle, onboarding with NDAs, and more.

[Test it here](#)

A screenshot of the Microsoft Store app interface. The main focus is the 'External User Manager' app page. The app is by 'Solutions2Share GmbH' and is categorized under 'IT/Admin, Human resources & recruiting, Communication'. It has an 'Open' button. Below the 'About' section, there is a video player showing a person interacting with a dashboard titled 'Manage Guest Access in Microsoft Teams'. The dashboard displays various metrics and charts. Below the video, there is a section titled 'Manage External Users in Microsoft Teams' with a description: 'Maintain control over your data by easily managing external users in Microsoft Teams! Receive reports, monitor external user behavior, and manage external access with External User Manager.' This is followed by two sections: 'APPROVAL WORKFLOW' and 'ACCESS CONTROL'. At the bottom, there is a note: 'By using External User Manager, you agree to the [privacy policy](#) and [terms of use](#).' The background shows the Microsoft Store interface with a sidebar on the left containing various app categories like Activity, Chat, Teams, Calendar, Calls, Files, etc.

# G2 certified

"Easiest to use" apps and "users love us"

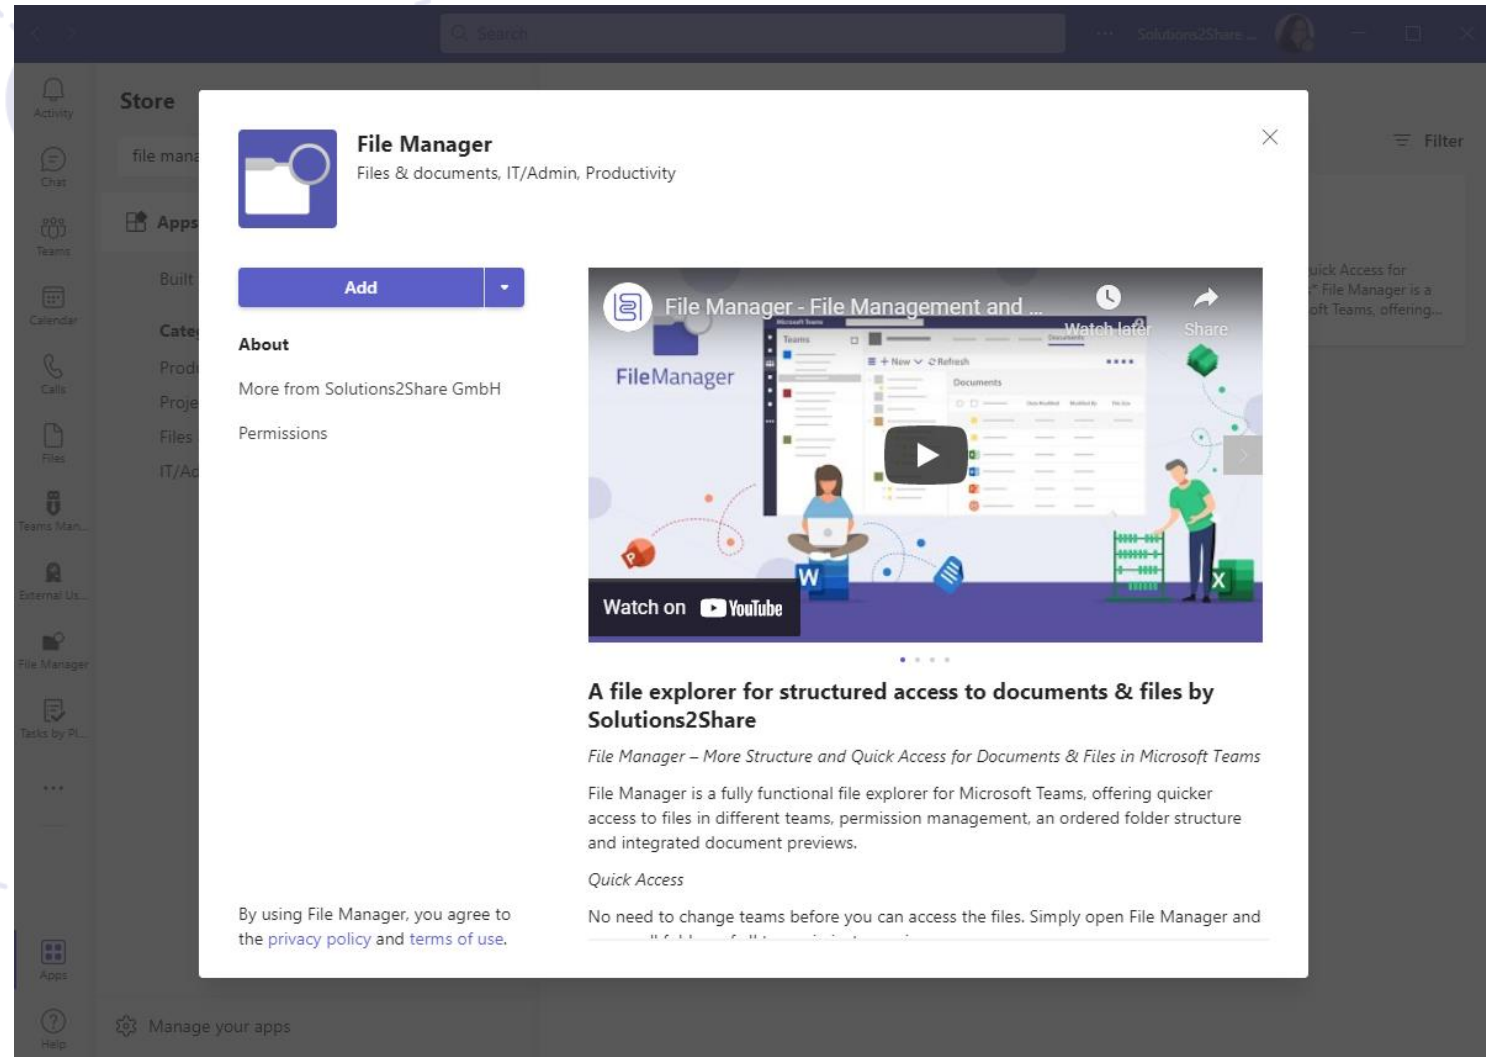

# File Manager

Quick access to all files in Microsoft Teams in the familiar environment of a file explorer.

[Test it here](#)

A screenshot of the Microsoft Store app page for 'File Manager'. The page is displayed within a Microsoft Teams interface. The app card for 'File Manager' is the central focus, showing its icon, name, and a brief description. Below the icon is an 'Add' button. The 'About' section lists 'More from Solutions2Share GmbH' and 'Permissions'. A video player shows a preview of the app's interface. The description highlights its features as a file explorer for Teams, including structured access, permission management, and document previews. A 'Quick Access' section mentions that users can access files without changing teams. The background shows the Microsoft Store interface with various app categories and a search bar.

# MindMap

MindMap in Microsoft Teams: create effortless AI mind maps and collaborate in real-time.

[Test it here](#)

A screenshot of the Microsoft Teams app store interface. The top bar shows 'Try the new Teams' and a search bar. The left sidebar lists various app categories like 'Intranet', 'Activity', 'Chat', 'Teams', 'Calendar', 'Calls', 'Files', 'Teams Manager', 'External User', and 'File Manager'. The main area displays 'Search results for "mindmap"'. A card for the 'MindMap' app by 'Solutions2Share GmbH' is prominent, showing a 4.8-star rating and a 'Buy a subscription' button. Below the card, a video thumbnail shows a person using the app, with a 'Watch on YouTube' button. The video title is 'Create Mindmaps in Microsoft Teams - ...'. Below the video, text describes the app: 'MindMap your ideas in Microsoft Teams. Create mindmaps in Microsoft Teams with MindMap. Collect and structure your ideas by using nodes, children, notes, topology diagrams and more. Share your mindmap in your Microsoft Teams channel and collaborate with your colleagues on your...'.

# Hyperlinks

Bookmarks in Microsoft Teams: save and categorize links to websites, files or conversations as favorites

[Test it here](#)

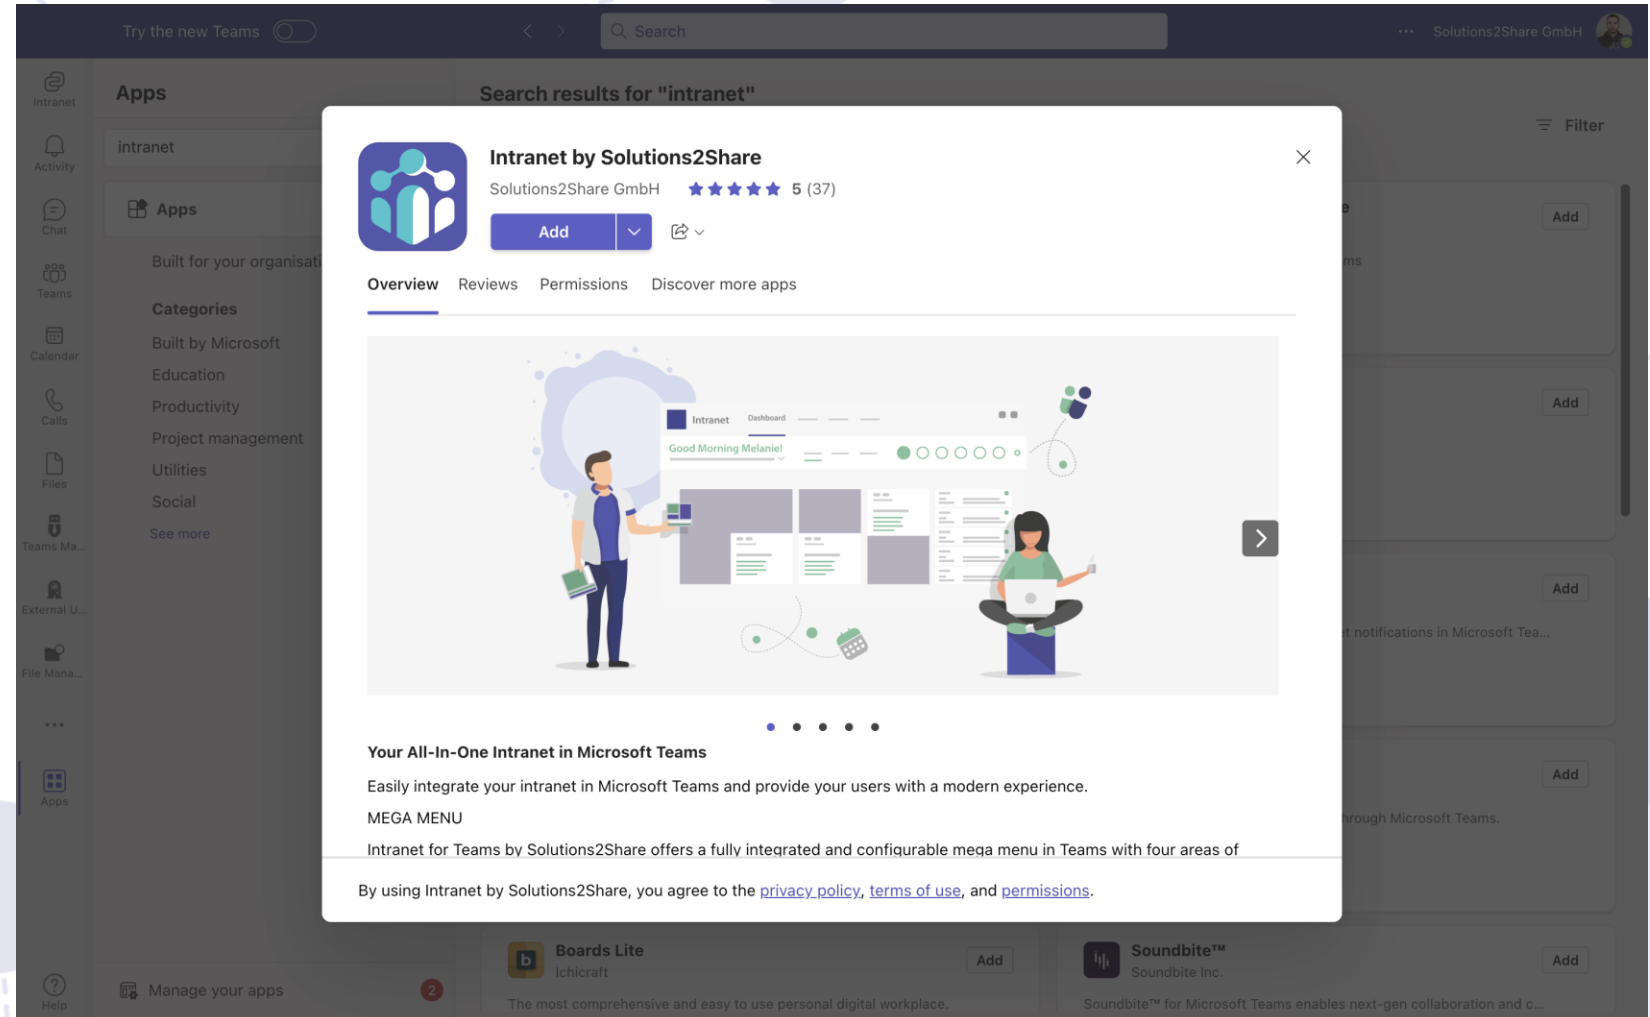

A screenshot of the Microsoft Teams interface showing the 'Hyperlinks' app. The app is listed under 'Apps' in the left sidebar. The main content area displays the 'Hyperlinks' app card, which includes a star icon, the app name 'Hyperlinks', and the description 'Communication, IT/Admin, Productivity'. Below this is an 'Open' button. The 'About' section shows 'More from Solutions2Share GmbH' and 'Permissions'. A video player shows a preview of the app's functionality, titled 'Bookmarks in Microsoft Teams - Save...'. Below the video, the text reads 'Save Links to Websites, Files or Conversations as Bookmarks by Solutions2Share'. The description states: 'With Hyperlinks you can manage, categorize, and visualize your bookmarks in Microsoft Teams. Collect all your relevant links in link lists and different categories to keep a better overview and find your links quickly. Share your links to a Teams channel and edit them together with your colleagues.' The 'Tabs' section indicates 'Use in a tab at the top of a chat or channel'. At the bottom, there is a link to the 'privacy policy and terms of use'.

# Intranet

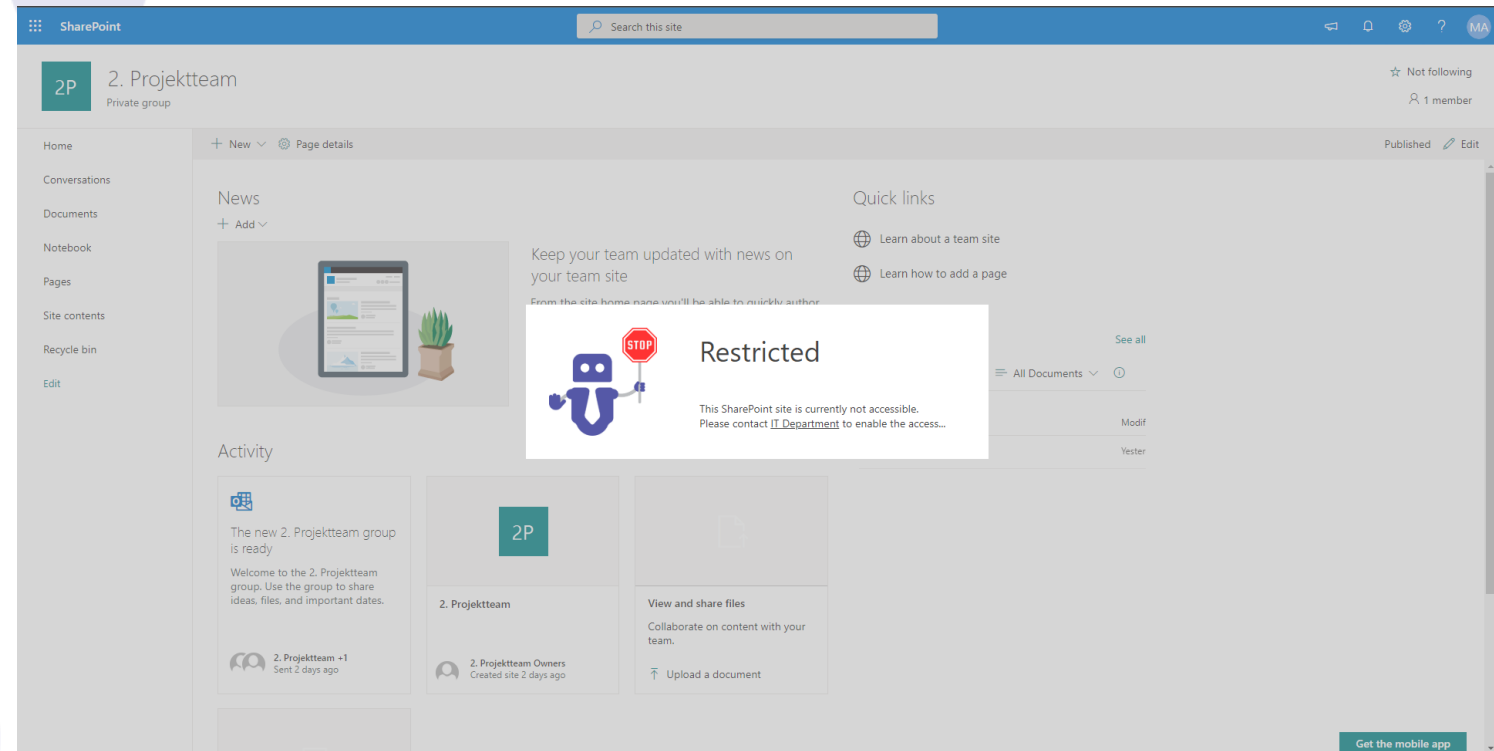

SharePoint intranet in Microsoft Teams: easy integration, editing directly in Teams, multilingual navigation menu.

[Test it here](#)

A screenshot of the Microsoft Teams app store interface. The top bar shows 'Try the new Teams' and a search bar. The left sidebar lists various app categories like 'Intranet', 'Activity', 'Chat', 'Teams', 'Calendar', 'Calls', 'Files', 'Teams Ma...', 'External U...', 'File Mana...', and 'Apps'. The main area displays 'Search results for "intranet"'. A modal window is open for the 'Intranet by Solutions2Share' app, showing its icon, name, developer 'Solutions2Share GmbH', a 5-star rating from 37 reviews, and an 'Add' button. Below the app details is a carousel of images showing the app's interface, including a dashboard with a 'Good Morning Melanie!' greeting and a 'MEGA MENU'. The text below the carousel states: 'Your All-In-One Intranet in Microsoft Teams', 'Easily integrate your intranet in Microsoft Teams and provide your users with a modern experience.', 'MEGA MENU', 'Intranet for Teams by Solutions2Share offers a fully integrated and configurable meqa menu in Teams with four areas of', and 'By using Intranet by Solutions2Share, you agree to the [privacy policy](#), [terms of use](#), and [permissions](#).' At the bottom of the app store, other apps like 'Boards Lite' and 'Soundbite™' are visible.

# Workshops

## Example

Beginners' Governance Workshop  
for Microsoft Teams and SharePoint

## Agenda

### Part 1

- Governance Assessment
- Governance Beginners Guide
- Live Demo Teams Manager
- Analysis of the current situation
- Identifying use cases and defining templates
- Microsoft out-of-the-box governance features for Teams and apps
- Theory for governance guide & best practices
  - Naming conventions
  - Lifecycle
  - Classifications
  - Metadata

# Implementation Structure & Governance

This workshop serves to identify the technologies used. In addition, it is intended to show what is possible on the subject of governance and Microsoft Teams. The aim of the workshop is to establish the gap of unused governance possibilities and to create a plan how this gap can be closed.

### Part 2

- Installing Teams Manager in the environment
- Disabling the default team creation
- Creating classification labels
- Checking the team settings in the admin center (governance)
- Putting theory into practice
  - Templates
  - Naming conventions
  - Lifecycle
  - Classifications
  - Metadata
- Teams Manager Rollout
- SharePoint
- Define next steps
