HEBEI FORTUNE was founded in 2004 as a trading company focusing on fencing business. Main products are different kinds of fences, posts, gates and all kinds of accessories, etc.

Our company regards good service, excellent product, competitive price, punctual delivery time as our business philosophy. Moreover, our company keep working on developing new products, improve and enhance the production system. With constant innovation and investment, our product range increase a lot, can fulfill most customer' s requirements.

In order to get better quality and better price, since 2009 we start to involve into production. Till now we have our production facilities which is Huanghua Fortune Metal Products . We keeping invest new equipment to get better quality which conform European quality standard. Like electrostatic powder coating line with 15 steps chemical pretreatment and polyethylene dip coating line, panel welders, Panasonic welding robots, laser cutting machines, professional post profiling lines, automatic post packing machines, plastic extrusion and injection machines etc. HEBEI FORTUNE shift to a modern production plant.
