

MADE IN GERMANY

Emmi Ultrasonic

Ultrasonic Innovations from Germany

Emmi Ultrasonic GmbH, headquartered in Germany, specialises in the development, manufacture and worldwide distribution of innovative ultrasonic devices and processes. Since 2008, our patented emmi ultrasonic products have stood for the highest quality in cleaning, prophylaxis and therapy – across oral, dermatological and veterinary applications.

At the heart of our products are highly miniaturised ultrasonic chips, rooted in decades of industrial experience: in ultrasonic cleaning systems for hospitals, in engine cleaning for motorsport (including Ferrari) and the automotive industry (Ford), and in jet engine cleaning baths for aviation (including Lufthansa, Air France). This expertise has enabled us, for the first time, to make professional ultrasonic applications available for home use.

HIGHLIGHTS OF INTERZOO 2026

INTERNATIONAL LAUNCH

emmi-PET NEO

At Interzoo 2026 we are presenting the emmi-PET NEO to the international pet industry for the first time – the next generation of our veterinarian-developed ultrasonic dental care for dogs and cats. The NEO sets new standards in ease of use, efficiency and design, making stress-free dental care for pets even simpler – no brushing, no pressure, no stress for pet or owner.

- Up to 96 million ultrasonic vibrations per minute
- Patented ultrasonic transducer in the brush head
- 3 cleaning modes (Gentle / Medium / Intense) with LED indicator
- Vibration- and noise-free – won't scare your pet
- USB-C charging station · 24-month warranty

NEW IN RANGE

Premium & Orthopaedic Dog Beds

We are expanding our portfolio with a new line of high-quality dog beds – including orthopaedic models for senior and joint-sensitive dogs, as well as premium sleeping places for dogs of all sizes. This is made possible through the partnership with our co-exhibitor **Woolart Diş Ticaret Ltd.** from Kayseri (Turkey), an established manufacturer of premium pet sleeping solutions.

Together we offer the international specialist trade an expanded, coordinated range for holistic pet health – from dental care to a restful place to sleep.

- **CHAI** – Premium nest bed, 2-layer Visco
- **HUSKY** – Spacious nest, waterproof, 2-layer Visco
- **ASTRO** – Orthopaedic flagship, 3-layer Visco

MORE PRODUCTS AT EMMI-PET.DE

Beyond the trade-fair highlights, our range at www.emmi-pet.de also includes the established emmi-PET ultrasonic toothbrush for dogs and cats, specialised ultrasonic toothpaste for pets, as well as matching brush heads and accessories.

OUR VISION

Our goal is to sustainably improve the quality of life for both humans and animals through innovative ultrasonic technologies, and to make professional applications available at home. Continuous research and development leads to ever-new applications for health and beauty – the possibilities of ultrasound are still only just beginning.
