

SNJD

SNJD was founded in 2023, our company specializes in brand building and connecting military gear from the factory directly to the consumer. Our vision is to provide personalized equipment tailored to individual needs.

To achieve this, we successfully acquired YAKEDA, a leading manufacturer and exporter specializing in outdoor and military products with over 18 years of industry experience, in 2024. Looking ahead, we plan to expand our portfolio with more brands and product lines, ensuring we meet all your requirements with strategic innovation and advanced technology.

Now we have 3 manufacturers, located in China, and Myanmar, 3 warehouses, over 2000 employees, 105 production lines, and 18 years of experience. We have all kinds of advanced machines and raw materials available for different custom requirements. About 90% of our sales currently come from ODM&OEM orders.

"Quality First and Customer First" is our business philosophy. After many years of efforts and development, based on the YAKEDA's network throughout the Middle East, Europe, and the United States of America. We are trying to explore more partners.
