

## **Dog Bed à la Cushion**

**Exhibited at Interzoo 2026 | Hall 3, Booth 3-501**

---

### **The Ultimate Sanctuary for "Nesters"**

The **à la Cushion** is a masterpiece of casual luxury, designed specifically for dogs who seek a soft embrace and love to curl up. Reminiscent of a fluffy cloud, this designer statement piece brings a relaxed, organic feel to any modern interior while providing unmatched orthopaedic support.

### **The Core Secret: Premium Shredded Foam Technology**

Unlike standard fiber-filled beds that lose volume over time, the **à la Cushion** is filled with **high-density shredded premium foam**.

- **Long-Term Shape Retention:** The engineered foam pieces are designed to spring back instantly, ensuring the bed maintains its original loft even after years of intensive use.
  - **Anti-Sagging Performance:** This premium filling is highly resistant to "bottoming out," providing a consistent buffer between the pet and the floor, preventing pressure points and elbow calluses.
  - **Breathable Comfort:** The shredded structure allows for superior air circulation, keeping the bed fresh and comfortable in all seasons.
- 

### **Key Features & B2B Advantages**

- **Superior Comfort:** A favorite among heavy breeds and seniors; engineered to provide joint pressure relief.
- **Extreme Durability:** Built for high-intensity use. The textiles are tested to withstand scratching, chewing, and heavy weight.

*"We don't just make beds; we curate rest. Experience the difference of European craftsmanship at our booth."*

- **Effortless Maintenance:** Both the removable cover and the inner cushion are machine washable and quick-drying, ensuring maximum hygiene.
- **Versatile Design:** Lightweight for easy transport, water-resistant, and equipped with a non-slip base for safety on all floor types.
- **Made in Slovakia:** Hand-stitched European luxury that guarantees high manufacturing standards and ethical production.

---

### Technical Specifications

- **Cover (Top)** - 100% Recycled Polyester (Eco-friendly luxury)
- **Cover (Bottom)** - 62% Polyester, 38% Polyacrylic
- **Hardware** - Premium heavy-duty metal zippers
