

TAPE DISPENSER ALPHA X1-400 PLUS

CLOSING CORRUGATED
CARDBOARD BOXES RELIABLY

The benefits of **ALPHA X1-400 PLUS** tape dispenser:

- Ergonomically designed housing
 - Compact construction
 - User-friendly interface
 - Easy-to-clean keyboard
-
- Efficient operation
 - Gentle tape start-up
 - Easy manual tape feed
 - Start key retains the last set length
 - Key assignment freely configurable according to customer requirements (tape length, tape sequence, etc.)
-
- New LCD display as diagnostic indicator: e.g. no water, tape roll empty, paper jam, current tape length
 - Large roll diameters up to 250mm; can be used for tape length with 300m or 400m rolls
 - Improved humidification system with constant water application, low glue contamination
 - Light-protected water tank - no algae formation
 - Intelligent computer based control
 - Operating noise further reduced to 61 dB(A) (corresponds to normal conversation volume)
 - Knife protection function - knife with anti blocking system
-
- Optional accessories possible: e.g. foot switch
