ABOUT US

ITALDOOR was founded in 2019 under the Egyptian Investment Law No. 72 of 2017 as a Limited Liability Company (LLC), specializing in ISO-Thermal industrial doors and semi-insulated doors.

Our factory was established in the Industrial Zone of 6th of October City, Egypt, covering an area of over 2,000 m². This enables us to produce over 6,000 units of hinged, swing, and office doors, and 2,000 units of sliding doors annually, using Italian production lines.

ITALDOOR's factory specializes in ISO-Thermal industrial doors and semi-insulated industrial doors, using Italian components and hardware in cooperation with our partner, INTERTECNICA. This allows us to consistently deliver high-quality products while maintaining ready stock.

By combining the experience of our GM with the enthusiasm and expertise of our experienced team, backed by more than 10 years of experience in the field of industrial refrigeration for the food and medical sectors, we aim to become an innovative leader in the manufacturing of ISO-Thermal and semi-insulated industrial doors, delivering the highest quality to ensure customer satisfaction and build lasting trust.

VALUE PROPOSITIONS

Quality

Because quality is the reason for success, ITALDOOR cares to constitute the ultimate quality products manufactured of Italian components and hardware following the European standards to exceed our clients expectations.

Delivery

Now you can have the Italian products at your door customized to meet your facility needs within the perfect estimated time and the most competitive price.

Innovation

We are pioneering new smart Solutions in ISO-thermal industrial doors to help you operate easily and safely.

Fully Support

We don't only sell. ITALDOOR provides it's products with 18 Months warranty, spare parts, and a fully experienced installation and maintenance team always available for your support.

WHY ITALDOOR?

After mastering our industry for more than 10 years, we became the first Egyptian factory specializing in and innovating ISO-Thermal insulated doors and semi-insulated doors.

Being specialized in manufacturing ISO-Thermal insulated and semi-insulated doors has allowed us to focus on product efficiency by using Italian components in the manufacturing of our doors, supplying the Egyptian market with European-quality products built to last.

ITALDOOR is pioneering new solutions in the manufacturing of semi-insulated industrial doors and ISO-Thermal industrial doors, whether for freezing or cooling applications, by using materials that prevent temperature leakage from inside to outside the room and vice versa, helping to protect your products from damage.

Our success in manufacturing smart, reliable, and durable products that meet European standards has allowed us to export to more than 14 countries across the MENA region and become their first choice.

VISION

Become the innovative leader of ISO-Thermal insulated door and semi - insulated doors manufacturer in MENA.

MISSION

Present and develop with efficiency the highest quality special industrial insulated doors for the food and medical sectors using innovative solutions to maintain stability to our customers.

Improve and increase the productivity and creativity of our talented, self-motivated, and dedicated staff by the means of continuous learning and training programs.

Deal with fairness and accountability with our esteemed customers and suppliers to build strong trust and mutual business relationships.
