WWW.HABBYACCESSORIES.COM

Habby Accessories is a leading manufacturer of high quality, environmentally friendly pet products. In Habby Accessories, which takes its production ability from Tekin Dar Tekstil, collar, suspenders, braided elastic belts, stretch elastic belts, bag straps, elastic shoe laces, bias and ribbons are produced. Our main goal is to create unique products by combining high quality raw materials with 100% handcraft and elegant designs. Apart from this, our production structure is expanding day by day with the certifications showing that we provide production in accordance with world standards and aims to provide you with a better service. Based on the principles of innovation, sustainability and environmentalism, Habby aims to offer the highest level of service quality.

Our production capabilities include braided, woven and knitted fabrics. We are committed to sustainability, environmentally friendly manufacturing and customer satisfaction, and we pride ourselves on using only the highest quality materials to create our products. As part of our commitment to the environment, we use premium recycled polyester and genuine leather on our collars, ensuring they are not only safe and comfortable for your pets, but also environmentally friendly. If you're looking for collars or other pet accessories, you can count on Habby Accessories for best-in-class, sustainable, eco-friendly and highest quality products.

Habby
Pets

At Habby Accessories, we are committed to providing our customers with environmentally friendly, premium quality pet products. Our collars are made from the highest quality materials, including recycled polyester or genuine leather and nickel-free metal buckles. We are dedicated to sustainability and eco-friendliness, using only premium recycled polyester and genuine leather on our collars. Our goal is to ensure that our customers are completely satisfied with our products and services.

We believe pets deserve the best, which is why we use only the highest quality materials to create our products. Our manufacturing process is designed to be environmentally friendly and sustainable so you can feel good about your purchase. When you choose Habby Accessories, you can count on getting best-in-class collars for your pets.

10mm Cat Collar

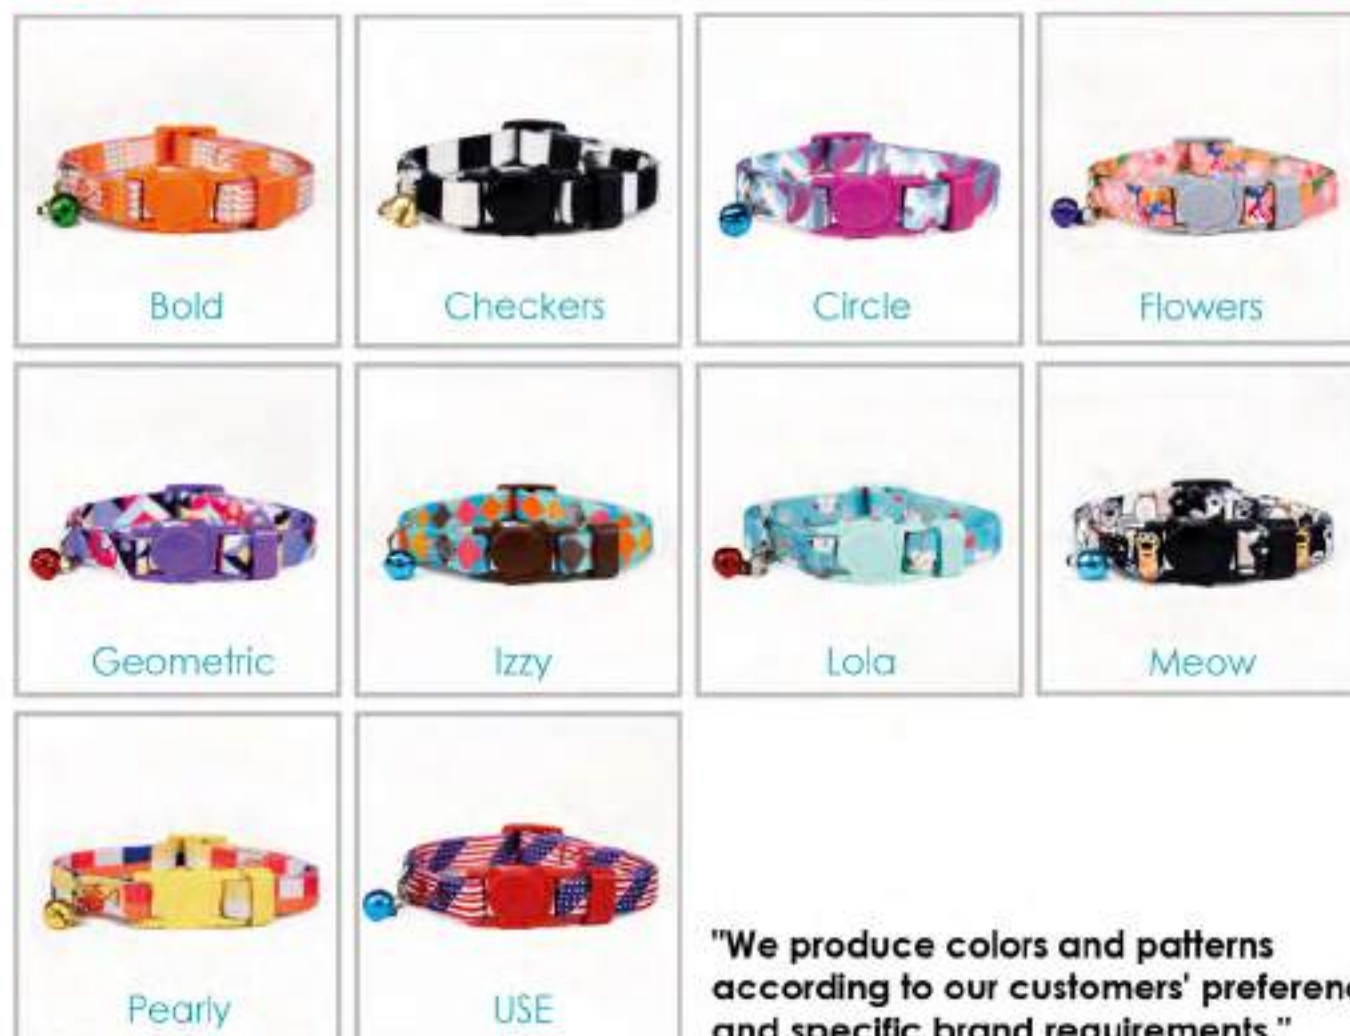

SIZE:

Width	Lenght
10mm cat	19 - 27cm

MODELS:

Product Code: **HBY-D243R0100-C**

"We produce colors and patterns according to our customers' preferences and specific brand requirements."

FEATURES:

-Brand Area

This area can be customized with your brand easily.

-Metals D Buckle & Bell

Thanks to the bell on our cat collars, you can easily find your friend's location even if you don't know where it is.

-Plastic Bridge

This product, which is used especially close to the buckle side of the product, makes the product look smooth. It helps to gather the product and makes it easier to adjust the length of the product.

-Recycled Printed Strap

Anti-carcinogenic digital printing technique was applied to the straps produced from recycled yarns. You can make a very stylish touch to your friend with these beautiful cat collars with multiple color and pattern options.

-Break-away Feature

10mm cat collars can easily get rid of the leash when your little friend is stuck in any place, stuck or when they feel uncomfortable, thanks to the buckles that can be opened automatically.

-Adjustable

Our cat collars have a width of 10mm. It can be extended from 19cm to 27cm thanks to its adjustable feature. You can adjust the size that best fits your cat's neck.

Width	Length
10mm dog	20 - 30cm

MODELS:

Product Code: **HBY-D243R0100-D**

"We produce colors and patterns according to our customers' preferences and specific brand requirements."

FEATURES:

-Durable Plastic Buckle

The plastic buckles that used in our dog collars are made of POM (Derlin) plastic. These buckles, which have great durability and fast on/off feature, are much more durable, fast-functioning and shiny compared to buckles made of nylon material. It can be opened and closed quickly with one hand and does not open automatically after closing. This area can be customized with your brand easily.

-Metals D Buckle

Our metal D rings have nickel free plated. It is made of zamak material. It is very resistant to scratches, darkening, weather conditions and sudden pulls. Thanks to its nickel free plating, it is anticarcinogenic and does not harm your friend even in areas that come into direct contact with the skin. It is designed to be thicker than normal D rings for extra durability and is long-lasting.

-Plastic Bridge

This product, which is used especially close to the buckle side of the product, makes the product look smooth. It helps to gather the product and makes it easier to adjust the length of the product.

-Recycled Printed Strap

Anti-carcinogenic digital printing technique was applied to the straps produced from recycled yarns. You can make a very stylish touch to your friend with these beautiful cat collars with multiple color and pattern options.

-Plastic Rubber

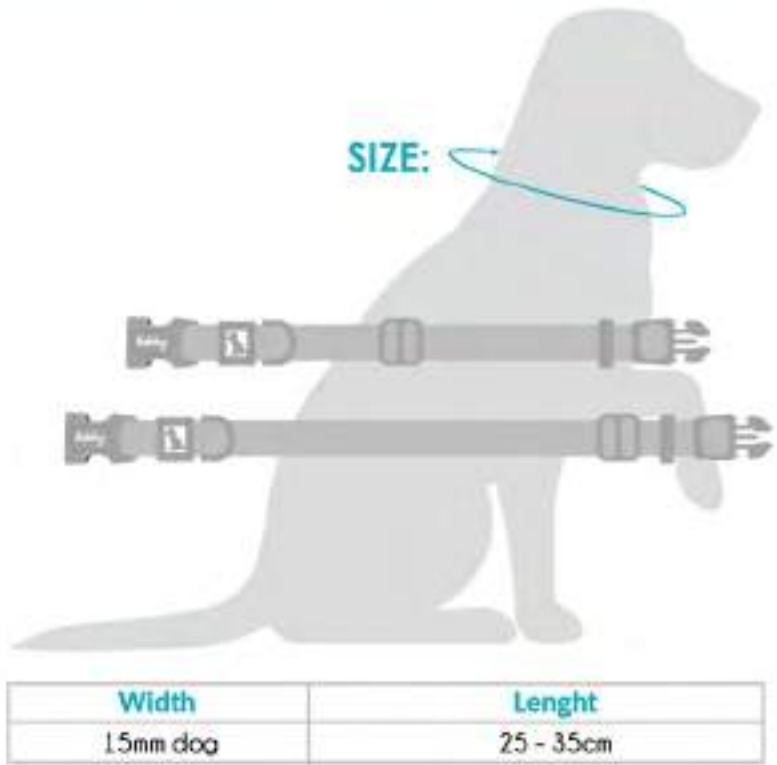

Made of PVS plastic. It provides a more pleasant and elegant appearance to our collars by covering the seam marks.

-Adjustable

Our dog collars have a width of 10mm. It can be extended from 20cm to 30cm thanks to its adjustable feature. You can adjust the size that best fits your dog's neck.
