

Techvision Intelligent Technology Co., Ltd

Stock Code: 832876.BJ

The Leading Embedded System Solution Provider

Company Profile

 Listed in Beijing Stock Exchange
Stock Code: 832876.BJ

 Founded
2011

 Capital
64.18M RMB

 Employees
450+

 Sales Revenue(2023)
469.37M RMB

ESG-Friendly Manufacturing Infrastructure

■ Shenzhen Factory

- Area: 7000 sq m
- Employees: 250+
- SMT Production Capacity: 90M points per month
- Finished Product Assembly Capacity: 100,000 units per month

■ Jiangmen Factory

- Area: 37,000 sq m
- Estimated Time of Production: 2025
- Capacity: 2 million pcs finished products per year; 5 million pcs PCBA per year

R&D Capabilities on Customization

- Industrial design
- Mechanical design
- Hardware design
- Software design and algorithms

Continuously Iterated Core Technologies

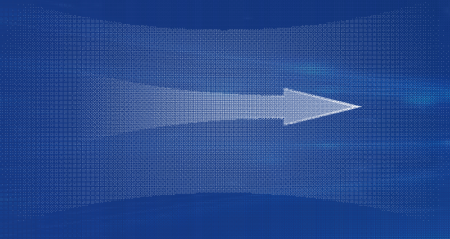

- Product stacking and mechanical design
- Smart education terminal management system
- Cloud video conferencing system terminal
- Smart retail AI recognition

Efficient and Rapid Response

- IDH & ODM
- Product design, trial-production & debugging
- Customized design development
