About us

From a young start-up, to a fast-growing company. We are conquering more and more fulfillment and warehouses across Europe.

Be part of this growing movement and make your warehouse more sustainable and environmentally conscious.

Thank you for your trust

Over 1000+ happy companies of all kinds already trust us

We want to revolutionize the warehouse logistics industry and achieve a lot with the simplest possible, but good means. Our pickboxes offer an incredible number of advantages and at the same time protect the environment. Especially in the textile industry, storage in sustainable boxes is almost inevitable.
