CYLINDER

SHAPE

OVEN

COOLING

After **baking in the oven** and **cooling**, the product is immediately **packaged** to maintain the **organoleptic properties**.

PACKAGING MACHINE

DOG BISCUITS

VEGETABLE BISCUITS

● Basic ingredients

We produce our biscuits with a few controlled and high-quality ingredients: soft wheat flour, corn flour, vegetable oils, water.

WE NEVER USE SALT, SUGAR, CHEMICAL ADDITIVES OR PRESERVATIVES.

● Organic certification

As per vegetal biscuits, the certification of organic producer is in progress.

BISCUITS WITH HAM

● Basic ingredients

We produce our biscuits with a few controlled and high-quality ingredients: soft wheat flour, corn flour, vegetable oils, dehydrated meat, water.

WE NEVER USE SALT, SUGAR, CHEMICAL ADDITIVES OR PRESERVATIVES.

Supplements

We can enrich our biscuits with **dehydrated fruit and vegetables, legume flour, fruit and vegetable puree, herbs, flowers, flavours and colours that are specifically allowed** in the production of food for dogs and cats.
If required by the customer, **we can supplement the biscuits with mineral and vitamin complexes.**

SHAPES

We have created **11 cylinders** for the production of our biscuits.
We can design other cylinders with **specific shapes required by our customers.**
