PART 01

Company
Introduction

Company Profile

Aerospace high precision blow molding machine

- High precision calculation of aviation parts
- PARSON Control system
- Hard tooth surface reducer aviation precision wall thickness controller
- Imported hydraulic valves, seals-electro-hydraulic proportional control

SLA 3D laser printer

Product research and development
Intelligent technology to
enhance the core competitiveness of products
On-line quality inspection optimization

Company Profile

ABST (Est.2013) is a leading manufacturer integrating R&D, production and sales, specializing in baby products, pet supplies, and seasonal items. Our design and marketing center is located in Ningbo, and our manufacturing base is in Pingxiang.

Aibeste integrates independent R&D, large-scale production, brand operation, and OEM/ODM services. Backed by industry-leading R&D capabilities and a robust quality management system, the company is committed to providing one-stop solutions. As a highly innovative industry leader, Aibeste's products are certified by EN71, ASTM, CPSIA, CE, and CCC, serving as a core strategic supplier to numerous well-known domestic and international brands.

Product Portfolio:

Baby Products: Playpens, slides, rocking horses, basketball hoops, cribs, changing tables, drawing boards, kids' tables and chairs, play tents, storage shelves, etc.

Pet Supplies: Pet playpens, litter boxes, pet beds, chew sticks, cat grass, poop bags, etc.

Seasonal Items: Themed decorations and gifts for Christmas, Halloween, etc.
