About TECHNOCRAFT

TECHNOCRAFT Industries was established in 1972 by two brothers Mr S.K.Saraf & Mr S.M.Saraf who are Graduates & Technologists from IIT Mumbai, had started with the aim of manufacturing high precision and sophisticated Drum Closures Products in India.

Until 1976 Technocraft focused on the domestic market. India was not recognized as a reliable export nation during those days, against all the odds, the company launched a major export drive in 1977. Technocraft was recognized as an export house by Govt. of India in 1979.

The Technocraft Group has grown from a small domestic manufacturer of Drum Closures to a multinational conglomerate engaged in several key industries. In 2007, Technocraft got listed on the Bombay Stock Exchange [BSE] & National Stock Exchange [NSE].

Technocraft manufactures high precision & sophisticated Drum Closures Products & it successfully managed to capture the Middle East, USA, Europe South East Asia, Australia export markets. Promptly the company established several foreign subsidiaries for stock mobilization to their customers. From inception till date, Technocraft continued developing & increasing the production of Drum Closures until it became one of the largest & most recognized suppliers of the Drum Closures in the world under the brand name of TITE SEAL.

TITE SEAL Closures are approved by BAM – GERMANY, PIRA – U.K. and JIS - Japan. Technocraft exports to 70 plus countries worldwide and has offices & warehouses in the USA, UK, Poland, Australia, New Zealand and China.

The business verticals of Technocraft Group are as hereunder

- **Drum Closures** : Today, Technocraft is one of the largest Steel Drum Closures, Capseals & drum accessories manufacturers in the world. Produces 75 million sets of Drum Closures annually having production facilities in India & China.
- **Textile** : The Group has state of the art manufacturing facilities in India for production of yarn, fabric and ready made garments.
- **Engineering Design & IoT services** : Under the name of Technosoft Engineering, we provide engineering services comprising design, embedded and IoT services to various engineering & manufacturing verticals. Having a strong customer base in North America & Europe, Technosoft offers multi-disciplinary engineering services in its 5 business lines – Engineering, Consulting, Innovation, Resources and Content.
- **Scaffolding & Formwork** : Technocraft has been manufacturing various scaffolding systems like Cuplock, Ringlok, etc in India for over 20 years. Amongst the prominent countries that we export our scaffolding to are USA, Canada, UAE, Australia, New Zealand as well as several European & African nations.

PLATED CLOSURES

Suitable for the industries that use MS Barrels for filling

- Lubricants
- Sp. Chemicals
- Additives
- Fine Chemicals

LACQUERED CLOSURES

Suitable for MS Epoxy Barrels for filling

- Extreme hazardous chemicals
- Agro Chemicals
- Transformer Oil
- Food
- Pharma
- Perfumery Chemicals

PLASTIC & HAND PRESSED EZ CAPSEALS

Suitable for MS / HDPE barrels

- Tamper proof
- Logo/ Brand possible with Pad Printing

HYBRID PLUGS

- Patented Hybrid Plugs
- Suitable for MS Barrels to eliminate adulteration / pilferage with the filled contents.
- Embossed Logo /Branding possible

LIGHT CLOUSERS (44 & 56 mm)

Suitable for 20 Ltrs MS drums/ Tin Container
for filling

- Thinners
- Varnish
- Paints
- Inks
- Coatings

METAL CAPSEALS

Suitable for MS / HDPE Barrels

- Litho printed
- Tamper Proof
- Prevents Leakage
- Rust Proof

CRIMPING (SEALING) TOOLS & WRENCHES

For uniform Capsel crimping for

- MS / HDPE barrels
- Prevents leakage & Tampering

Plug Tightening & Opening Wrench

TECHNOCRAFT
INDUSTRIES (INDIA) LTD.

SINCE 1972

SAFETY FIRST

METAL CLAMPS (LEVER LATCHES) & LOCKING RINGS.

Suitable for making (GI & powder coated)
Locking rings for MS / HDPE OT
barrels with Chrome 3 plating

BUTTRESS THREAD PLUGS FOR HDPE BARRELS

Suitable for HDPE Barrels with precision
threadings, Prevents leakages

FM APPROVED NYLON PLUGS FOR MS BARRELS.

For packaging flammable liquids in
MS Barrels for protecting the filled
content during fire incident by
providing pressure relief

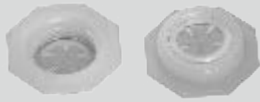

PAINT PLUGS & TAGRINGS

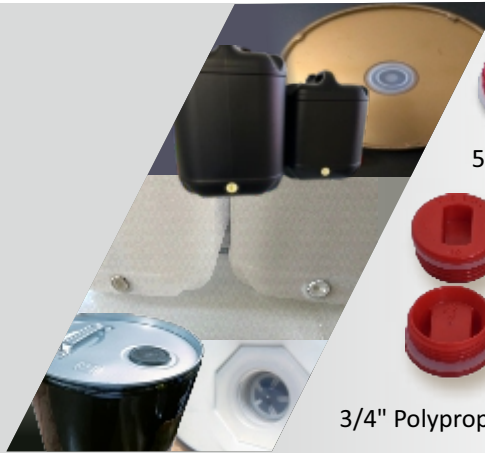

Suitable for MS Barrels

SPECIAL PLASTIC PRODUCTS

3/4" Snap-in Flange

57 mm Short Height Plug

3/4" Polypropylene (PP) Plug - Short Length

STAINLESS STEEL DRUM CLOSURES

Suitable for SS Drum/Barrels for filling Pharma and food / dairy products

CAN-CAPS CLOSURES

- Suitable for Pails / Small Drums / upto 20 Ltrs Capacity
- Tin Containers of 0.5 to 5 Ltrs Capacity

SINCE 1972

www.technocraftgroup.com

SAFETY FIRST

VENT PLUGS & VENT CAPSEALS

used for packing

- Aggressive
 - Hazardous
 - Volatile chemicals
- to breath easily,
prevents leakages.

VENT-IN PLUG

VENT-OUT PLUG

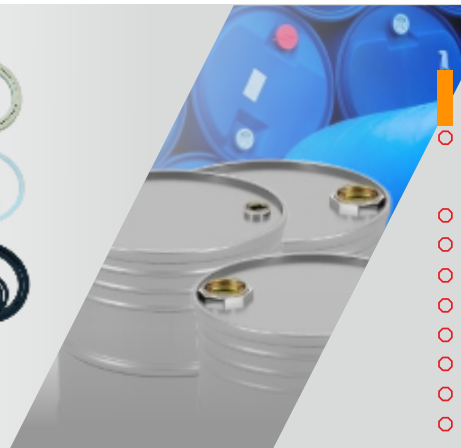

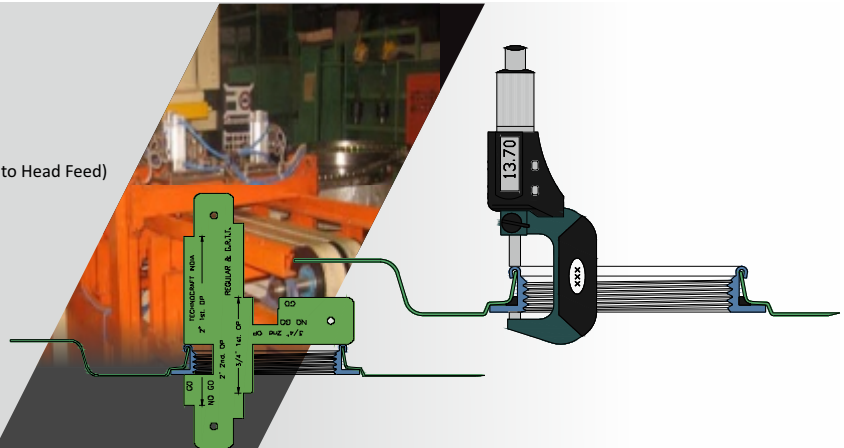

SPECIAL FLANGES

- 3 hole franges
- Aluminum Flanges

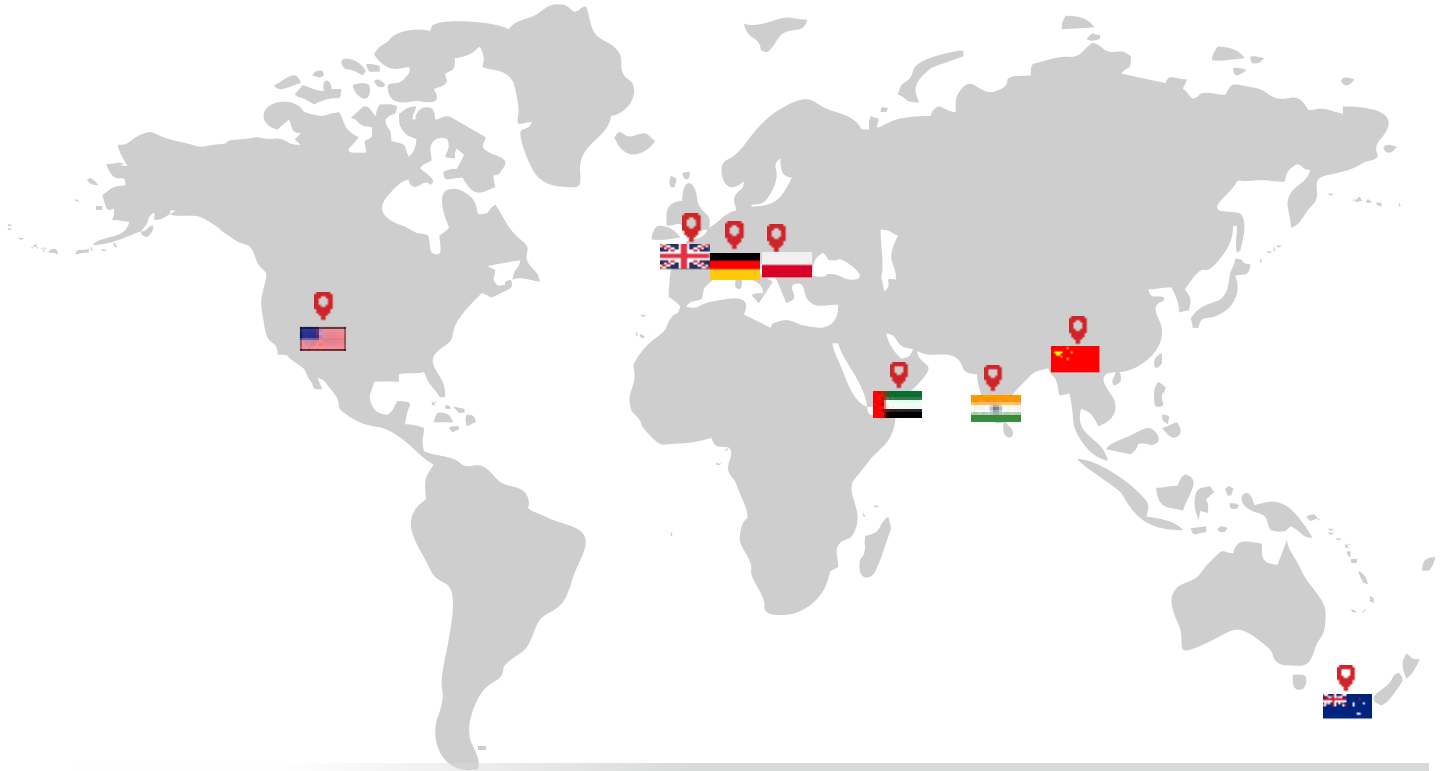

FLANGE INSERTION DIES

- SOTD
(Single Operation Tandem Die With Auto Flange Feed & Auto Head Feed)
- SPECIAL DIES
Combination Dies: 2"x2" / 2"x2"x3/4" Center Dies
- 2nd OPERATION
Tandem Die With Auto Flange & Auto Head Feed
- HORN PRESS WITH DIE
Fully automatic Compact Horizontal Hydraulic Horn press with special dieset

GASKETS

- Compatibility with various chemicals/ Food, Lubricants. Gasket type are
- Black Nitrile Gasket
- White EPDM Gasket
- Square PE Gasket (For Plug)
- Round PE Gasket
- Square Poly Irradiated gasket (For Plug)
- Round Poly Irradiated gasket (For Plug)
- Viton Gasket
- Teflon Gasket
