WHO WE ARE

Omilco Export (Pvt) Ltd.

Omilco Export (Pvt) Ltd. is a Sri Lanka-based manufacturer and exporter specializing in premium coconut-based products for global markets. Rooted in the island's rich coconut heritage, Omilco combines modern processing technology with sustainable practices to deliver high-quality, natural, and safe food products to international customers.

Company Environment

Our manufacturing facility operates in a clean, controlled, and environmentally responsible setting. We follow strict hygiene standards and eco-friendly practices to ensure food safety while minimizing environmental impact. Sustainability and responsible sourcing are at the core of our daily operations.

Premium Coconut Products

Omilco offers a wide range of premium coconut products, carefully processed to preserve natural taste, nutrition, and freshness. From coconut milk and cream to coconut water and value-added products, every item reflects our commitment to purity, consistency, and international quality standards.

Dedicated Workforce and Capacity

Our success is driven by a skilled and dedicated workforce, supported by modern machinery and efficient production systems. With scalable manufacturing capacity, we are well-equipped to meet bulk orders while maintaining consistent quality across every batch.

Global Certifications & Compliance

To ensure global trust and compliance, Omilco adheres to internationally recognized certifications, including: USDA Organic, EU Organic, JAS, Naturland, IFS Food, BRC Global Standards, ISO 22000:2018, FDA, Halal HAC, KOSHER, Rainforest Alliance, SEDEX SMETA and Fairtrade.These certifications reflect our commitment to food safety, sustainability, ethical sourcing, and global market standards.

Quality and Health Focus

Quality and health are at the heart of everything we do. From raw material selection to final packaging, every stage is carefully monitored to ensure our products are safe, nutritious, and free from harmful additives, meeting the expectations of health-conscious consumers worldwide.

Annual Production and Supply

With a strong supply chain and reliable sourcing network, Omilco maintains steady annual production volumes to support uninterrupted global supply. Our structured planning ensures timely delivery, consistent quality, and long-term reliability for our international partners.

Marketing and Exporting

Omilco actively markets and exports its products to international markets, building strong relationships with distributors, importers, and private-label partners. Our export operations are designed to meet diverse market requirements, packaging standards, and regulatory needs across regions.

Join with Omilco Export (Pvt) Ltd. as we deliver Sri Lanka's finest coconut products to the world—driven by quality, sustainability, and trust. Together, we grow healthier choices and long-lasting global partnerships.

ORGANIC CERTIFICATIONS

The good health is one inspired by care and guided by knowledge.

We are following the guidance set by the US authority (US Department of Agriculture) for organic farming and manufacturing. Control Union certified, Omilco Export (Pvt) Ltd for the National Organic Program (NOP) of USDA.

LK-BIO-149
Non EU Agriculture

Omilco Export (Pvt) Ltd, certified under (EC) Regulations 834/2007, 889/2008 and 1235/2008 relative to organic farming and processing in the European Union by Control Union. These regulations cover all our activities, processed and unprocessed plant products and all our processing activities.

Control Union Certifications

Omilco Export (Pvt) Ltd certified under JAS (Japanese Agricultural Standard) organic scheme for its farming and production by control union which accredited by the Japanese authority (MAFF). Organic farming and manufacturing is a way of producing food while respecting natural life cycles, it actually reduces the human impact on the environment and operates as naturally as possible without using GMO.

Naturland

Naturland regards organic competence and social responsibility as interdependent. Social standards are an integral part of each Naturland certified product. Naturland certification standards range from organic food-production, organic aquaculture and etc. We maintain our own standard and procedures to meet Naturland standard.

FOOD SAFETY CERTIFICATIONS

The BRC (British Retail Consortium) Global Standard for Food Safety which benchmarked as GFSI standard. It is a product and process certification standard known for compliance to industry best practices. Omilco Export (Pvt) Ltd achieved its certification by undertaking a third-party audit against Standard requirements which conducted by SGS with UKAS accreditation.

Omilco Export (Pvt) Ltd acquired its ISO 22000 certificate by SGS with UKAS accreditation which commonly known as a Food Safety Management System that can be applied to any organization in the food chain, farm to fork.

Omilco Export (Pvt) Ltd have FDA certificate verifies that products meet U.S. Food and Drug Administration regulatory standards for safety and quality, often required for export of FDA-regulated goods.

IFS Food is a globally recognized standard for food safety and quality management. Omilco Export (Pvt) Ltd. is IFS Food certified, confirming compliance with international food safety, hygiene, traceability, and quality requirements through independent third-party audits.

OTHER CERTIFICATIONS

Halal is an Arabic word meaning lawful or permitted. When we come to the food, it is the dietary standard, as prescribed in the Qur'an (the Muslim scripture). The Haram is the opposite of halal, which means unlawful or prohibited. Halal and haram are universal terms that apply to all facets of life.

Omilco Export (Pvt) Ltd certified under Kosher, confirming food products comply with Jewish dietary laws, known as kashrut. This certification ensures that ingredients, preparation methods, and handling practices meet the stringent requirements of kosher standards.

Omilco Export (Pvt) Ltd have Rainforest Certificate that promotes sustainable forestry practices and protects biodiversity in rainforest ecosystems. It ensures that products, such as timber and paper, are sourced from responsibly managed forests that prioritize environmental conservation and the rights of local communities. By choosing Rainforest Certified products, consumers support efforts to preserve vital ecosystems and promote sustainable land use.

We have Fairtrade Certificate that ensures products are sourced from producers who meet strict social, economic, and environmental standards. It promotes fair wages, safe working conditions, and sustainable practices, empowering farmers and workers.

SMETA (Sedex Members Ethical Trade Audit) is the world's most widely used social audit methodology for assessing responsible business practices and ethical standards in supply chains, focusing on Labour, Health & Safety, Environment, and Business Ethics.

WE DO CARE

Environment

At Omilco Export (Pvt) Ltd., environmental responsibility is an integral part of our operations. We adopt sustainable production practices to minimize environmental impact, ensuring clean and safe manufacturing processes. Our initiatives include supporting organic cultivation, replantation programs, and educating local growers on environmentally responsible farming methods, while adhering to recognized national and international sustainability standards to protect and preserve nature for future generations.

People

Our employees, partners, and customers are the foundation of our success. We are committed to employee welfare through fair employment practices, continuous training, safe working conditions, and supportive benefits that enhance well-being. We also focus on building long-term relationships with our customers by delivering consistent quality, reliability, and service—believing that the true value of our business lies in the people we serve.

Business Ethics

Integrity and transparency guide every aspect of our business. Omilco Export (Pvt) Ltd. operates with strong ethical principles built on trust, respect, fairness, and accountability. Beyond being a manufacturer and exporter, we strive to deliver value-driven products backed by responsible sourcing, quality assurance, and ethical business conduct—ensuring sustainable growth and excellence in all our partnerships.
