

# About Mouser Electronics

Mouser Electronics, is an authorized semiconductor and electronic component distributor focused on New Product Introductions from its leading manufacturer partners. Serving the global electronic design engineer and buyer community, the global distributor's website, [mouser.com](https://www.mouser.com), is available in multiple languages and currencies and features more than 7.5 million searchable products from over 1,200 manufacturer brands. Mouser offers 28 support locations worldwide to provide best-in-class customer service in local language, currency and time zone.

As a global authorized distributor, Mouser offers the world's widest selection of the newest semiconductors and electronic components. Mouser's customers can expect 100% certified, genuine products that are fully traceable from each of its manufacturer partners. To help speed customers' designs, Mouser's website hosts an extensive library of technical resources, including a Technical Resource Center, along with product data sheets, manufacturer-specific reference designs, application notes, technical design information, engineering tools and other helpful information.

The distributor ships to over 650,000 customers in 223 countries/territories from its more than 92,000 square-meters, state-of-the-art distribution facilities in the metro area of Dallas, Texas. For more information, visit [mouser.com](https://www.mouser.com).
