

ABOUT SANLAYAN GROUP (www.sanlayan.com)

Sanlayan (Sanlayan Technologies Private Limited) is a vertically integrated defence electronics company. Founded by IIT and IIM alumni, the 18-month-old startup specializes in the design and development of advanced electronic systems, including radar, electronic warfare, and mission-critical avionics. Sanlayan is supported by top-tier Indian venture capital, with a vision to accelerate indigenous technological development in *Bharat*.

Derived from the Sanskrit word "fusion", Sanlayan aspires to build India's largest strategic sensor & systems startup. To achieve this vision, Sanlayan has acquired two leading defence companies:

- **DEXCEL (Dexcel Electronics Designs Pvt. Ltd.):** 25 years of leadership in design and development of Embedded Systems, FPGA, and Avionics.
- **VERSABYTE (Versabyte Data Systems Pvt. Ltd.):** 37 years of leadership in supplying rugged, high-efficiency power systems for multiple mission-critical sub-systems across Land, Air, Naval, and Radar systems.

At present, Sanlayan has in-house capabilities for electromagnetic spectrum dominance by combining the group's expertise, slowly transitioning from module and subsystems supplier to full-stack autonomous system company:

- **Product categories:** RF Systems & Subsystems, Power Electronics, Digital Hardware, Software Algorithms
- **Full-stack capability:** Design, Build & Prototyping, Testing & Validation, Qualification, Manufacturing, Maintain, Repair & Overhaul (MRO)
- **Target verticals:** Airborne Systems, Naval Systems, Land Systems, Space Systems and Missile Systems

Core Value Proposition: From mission-critical EW modules to battle-proven CUAS systems, Sanlayan is allocating capital for suo-moto development of critical technologies. Together with the Armed Forces, DRDO, DPSUs, MSMEs, and through its subsidiary, Dexcel and Versabyte, Sanlayan is forging India's defence dominance at lightning speed.

Key Highlights:

- **50,000+ sq.ft.:** Facility with state-of-the-art RF Test Equipments and ISO 7 10K Clean Room
- **550+ years:** Combined work experience of our Leadership & Engineering team
- **35+ year legacy:** Across Sanlayan Group of companies serving Indian Defence Industry
- **400+ employees:** Across group with over 35 people powering network-centric warfare capabilities
- **180+ projects:** Completed across Tri-forces, DPSUs, 15+ DRDO labs, ISRO, & Private Industry
- **20+ platforms:** Upgraded, Indigenized and Innovated
