# LIGHTLINE CARTONPACKER: PRECONFIGURED, COMPACT AND EFFICIENT.

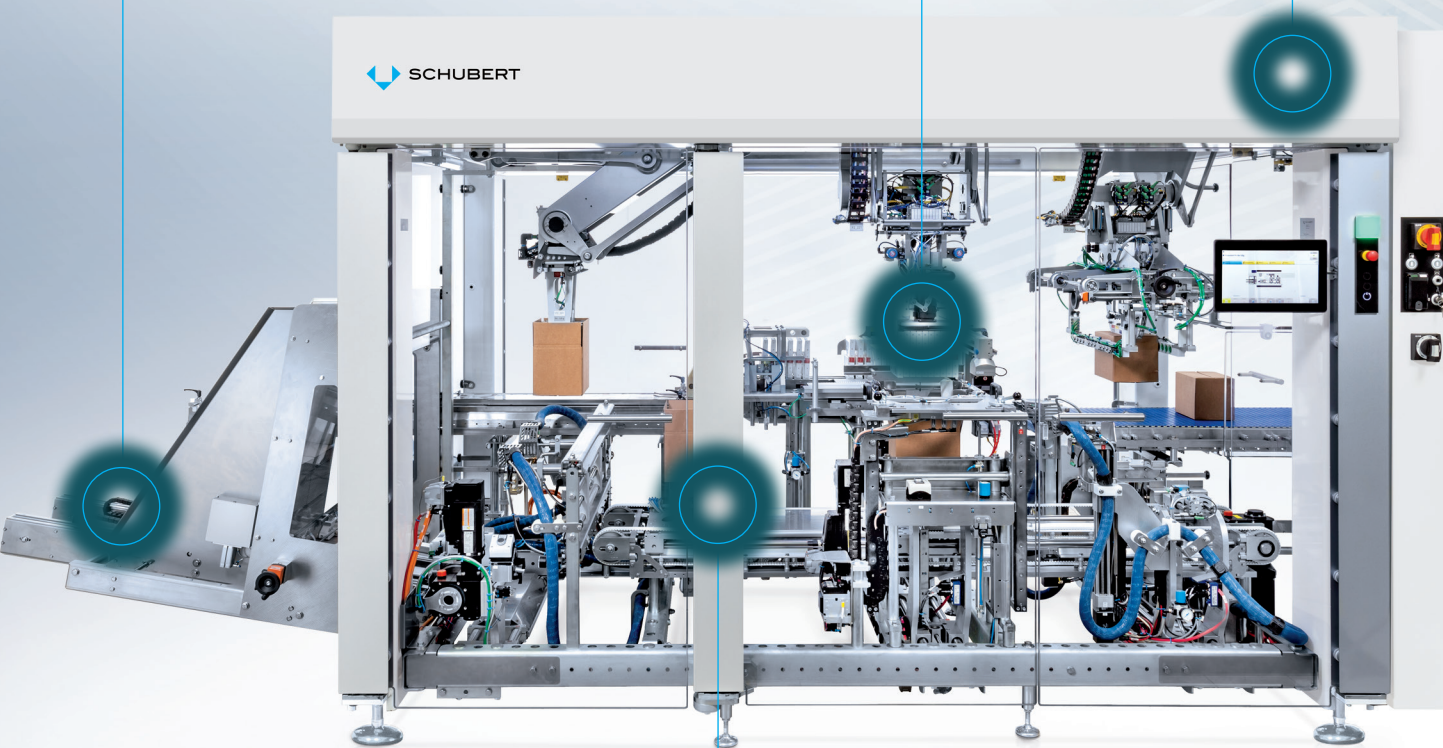

The lightline Cartonpacker, with its intelligent control system, packs your products into almost any outer packaging. Its exceptionally **compact size** combined with the fact that it is preconfigured for defined product and packaging formats, make this case packer an **extremely cost-effective** option, which can be delivered within **very short lead-times**.

The Schubert lightline machine series was specially developed to take on standard packaging tasks. It seamlessly combines **maximum efficiency with cost-effectiveness**. It also offers the **high quality**, functionality, durability and service for which Schubert is world-renowned.

Available in four variants to suit differing types of cartons

Output: up to 25 two-piece cartons per minute

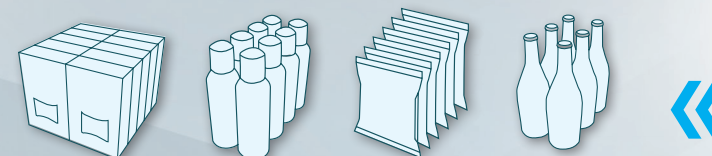

Quick installation and commissioning with a single compact module

Dimensions: 3.5 x 2.5 metres

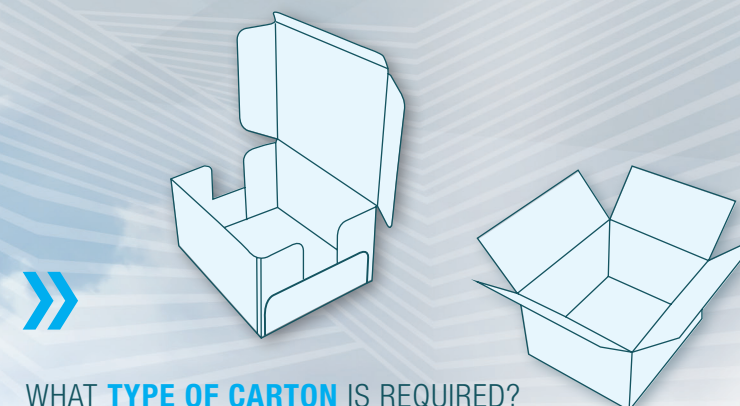

- + PRECONFIGURED MACHINE MODULES
- + IMMEDIATELY READY FOR USE
- + COMPACT AND SPACE-SAVING
- + PROVEN SCHUBERT SYSTEM COMPONENTS

THE LIGHTLINE CARTONPACKER  
OFFERS PROVEN SCHUBERT  
QUALITY IN A SINGLE MODULE.

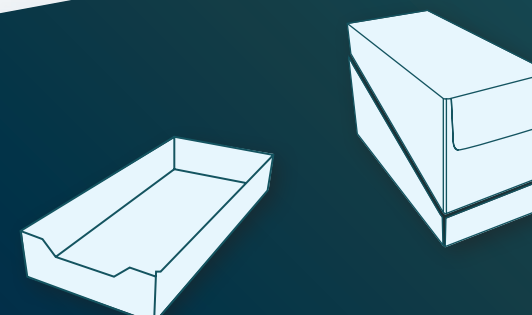

WHAT DO YOU WANT **TO PACK?**

Whether flowpacks, boxes, bottles or cans – each one of our lightline Cartonpackers is designed for one type of product.

WHAT **TYPE OF CARTON** IS REQUIRED?

The Schubert Cartonpacker can be equipped with an appropriate erecting, filling and closing tool to suit boxes with or without lids, Wrap-Around Cartons, or even RSC Cases.

COMPACT **CASE PACKER**

Three F2 robots in a single module erect the boxes and package your product in the smallest of spaces.

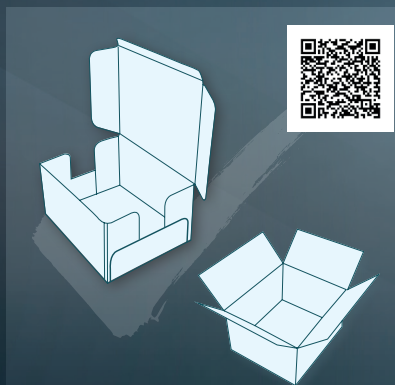

Johannes Schubert  
Schubert lightline Product Manager

## THE SCHUBERT LIGHTLINE MACHINE SERIES

# THE NEW BENCHMARK FOR STANDARD APPLICATIONS

### LIGHTLINE CARTONPACKER

For erecting, filling and closing cartons

### LIGHTLINE FLOWPACKER

For packing products or trays into flow packs

fast commissioning

#### ATTRACTIVELY PRICED

Low investment costs, low energy  
consumption, future-proof investment

#### HIGH-QUALITY

Highest quality and system availability  
as per Schubert's proven standard

**A strong partner.** Gerhard Schubert GmbH is a globally recognised market leader in modular top loading (TLM) packaging machines with intelligent control technology. For more than 50 years, the second-generation family-owned company from Crailsheim (Baden-Württemberg, Germany) has been setting new standards with its innovations.

**At home in all sectors.** Schubert's digital, robot-based packaging solutions package products of all kinds into trays, cartons, boxes or flowpacks. Be it food, beverage, pharmaceuticals, cosmetics or technical articles: Schubert's automation solutions are trusted by well-known brands as well as numerous medium-sized and family-owned companies.
