

Complete service provision

Altrimex Packaging Solutions offers customised packaging installations for **tablets**, **capsules**, piece goods, hardware, powders and liquids. Innovative and efficient solutions that get optimum returns from your packaging lines.

Altrimex tackles your packaging problem thoroughly and expertly. From advice, engineering, project supervision, delivery and installation to training your operators and optimising your lines. Of course, if required, you can also use our helpdesk facilities, breakdown service and our central spare parts warehouse.

Linear counting systems

Semi-automatic counting systems

Special editions

Accurate counting

For fast, high-precision counting and filling of tablets and capsules in the most diverse shapes, formats and compositions, Altrimex supplies a wide range of counting and packaging machines.

Versatile and easy to expand into a fully automatic packaging line.

Quick dismantling of contact parts. Second set of contact parts (optionally) available. Equipped with high-quality infrared counting sensors and advanced microprocessors for the highest speeds and accuracies.

Naturally, all systems are supplied with validated IQ/OQ documents and 21CFR if required.

From unscrambling up to end-of-line packaging, we offer the complete solution

Unscrambling

Filling

Capping

Labelling

Induction sealing
