**SUSTAINABLE SOLUTIONS
TO DRIVE FOOD SAFELY
TO THE WORLD**

About us

Oben Group provides solutions for the flexible packaging industry with **manufacturing sites in 11 countries and sales to more than 40 countries worldwide.**

We are the No. 1 company in film production capacity in the Americas with a **diversified portfolio** that includes **BOPP, CAST, BOPET, BOPA, BOPE, PET Shrink, Extrusion Coated, Thermoforming Products, and PET Straps.** Our state-of-the-art machinery incorporates the latest technology, enabling us to operate with unmatched efficiency and uphold the highest quality standards.

Our purpose is to create **Sustainable Solutions to Drive Food Safely to the World.** This mission drives everything we do, from our innovative manufacturing processes to our commitment to environmental practices. Our dedication to innovation and sustainability pushes us to continuously develop solutions that meet and exceed our customers' evolving needs.
