# LITTER

## FREYA STRONG CLUMPING

FREYA litter is 100% white bentonite mine, has a high liquid absorption capacity, easy to clean.

It retains bad odours and prevents them if used regularly.

Due to the quality of the raw material and production technology, the rate of flying dust in the air is minimal.

Flavored variants spread a pleasant scent in your home.

It provides a hygienic and safe environment for your cat and your family.

The solid parts are easy to remove, so it remains homogeneous and clean. The FREYA litter makes the ball!

It contains no substances harmful to animals and humans.
