## Crown Pet Food-- OEM Expert of Full Product Line

Established by senior experts who had worked in the pet food industry for 15+ years, Crown Pet Food (CPF) is a manufacturing enterprise specializing in foreign OEM/ODM of pet food. It is committed to providing professional pet food supply chain services for global pet brands.

## Supply chain and production advantage

- ◆Management Team: The core team had been deeply involved in the establishment and development of leading and well-known pet food companies and owns rich experience.
- ◆Standardized operation: Conduct R&D, production, quality control and provide professional services in accordance with the standards of leading enterprises.
- ◆Comprehensive cost advantage: By integrating raw material savings, lean production and vertical integration, CPF creates a greater profit margin for the partners.

## Why Crown Pet Food

With a truly customer-centered service philosophy, a short decision-making chain and rapid response, CPF provides the customers with a complete set of solutions including the most competitive price to achieve win-win cooperation.

**BRCGS certified and FDA registered factory and complete testing capabilities**
