GROUP INTRODUCTION

Gambol Pet Group is honored as the first National Safety Demonstration Area for Exported Pet Food by AQSIQ. Founded in October 2006 with the conception of "Global vision and persistent innovation", Gambol gradually becomes the biggest export enterprise for pet food in China with international standard R&D and production bases.

Gambol Pet Group always insists the vision of "Processing pet food with human food standard, building international standard factories and certifying with food safety systems such as HACCP, BRC, FSSC22000 as well as SMETA and social compliances. Factories also received high evaluations from on-site audits of FDA, CFIA, European Union and MAFF. Gambol the only company in this industry equipped with high energy electron beam Irradiation Center and international standard Test Center with advanced devices, which guarantees the safety and health of each bite of pet food.

Gambol Pet Group created self-owned brand Myfoodie covering dry food, snacks, wet food, dental bones, freeze died and gained hundreds of patents in both China and abroad. Myfoodie already becomes one of the Top 10 Brands in pet food and Top 1 brand in pet snacks field. Myfoodie always insists the highest standard for pet food in the world and provides the professional care from each single detail, processing each bag of pet food with heart for our best friends and letting them eat better.

QUALIFICATION & REPUTATION

All the facilities of Gambol Pet Group have been certified by HACCP, BRC, IFS, FSSC22000, approved by on-site audit and get the export license from CFIA with high reputation from the inspectors.

MODERN PRODUCTION CHAIN

In Gambol Group, there are more than 500 tons high quality pet food being produced every day and shipped to the dogs all over the world. We always adhere to the production principles according to the highest standard of human food , and strictly enforce the purpose of product safety and quality with the aseptic workshops and the entire visual monitoring systems to ensure that every product is fully qualified.
