SAFETY FOR YOUR DOG

Safety is always our top priority when developing our bike trailers. To ensure that the Croozier DOG meets the highest standards, we have developed it in collaboration with dog owners and experts in veterinary medicine, canine physiotherapy, dog training and dog breeding.

- **Parking brake** – Keeps the trailer securely in place, ensuring your dog stays safe when getting in and out.
- **Sturdy frame construction** – Provides a stable, fully protected environment.
- **Off-road tyres** – For safe riding on unpaved paths and in town – so you can enjoy a relaxed ride wherever you go.
- **Integrated interior protection & durable zips** – Provide comfortable protection and reliably prevent your dog from jumping out accidentally.
- **Protective bumper** – Protect the Croozier from damage caused by knocks and bumps.
- **Durable base plate** – Guaranteed exceptional stability – even for large or active dogs.
- **Low centre of gravity & wide wheelbase** – Ensure excellent road holding and minimise the risk of tipping over – even at high speeds.

COMFORT

Whether it's a leisurely outing or a wild off-road adventure – your dog deserves a ride that's as comfortable as it is safe. The Croozer DOG has been designed with great attention to detail and a clear focus on your four-legged friend's well-being. This makes every trip a pleasure for both of you:

- **Croozer AirPad®-suspension** – Absorbs shocks and ensures a smooth, comfortable ride – even on uneven terrain. The suspension automatically adjusts to your dog's weight and the ground conditions – ideal for any off-road adventure.
- **Sturdy mesh covers (front, side, rear)** – Ensure optimal ventilation so your dog stays cool at all times.
- **Low step-in height (18 cm)** – For easy getting in and out, even for older or smaller dogs – with no effort at all.
- **Generous ceiling height** – Provides your dog with plenty of space to sit or lie down comfortably – whichever is most comfortable for them.
- **Protective cover** – Keeps out rain, dirt and flying stones – whilst still ensuring a clear view ahead.
- **Roll-up back panel** – For extra fresh air and a clear view to the rear – perfect for curious little noses.
- **Front crossbar for added stability** – Gives the trailer even more rigidity – so nothing rattles or wobbles, even when the going gets bumpy.

PRACTICAL FOR EVERYDAY USE

The Croozer DOG is your reliable companion – whether in the hustle and bustle of everyday city life or on a weekend outing. Designed for durability and smart functionality, it accompanies you and your dog on every adventure. Thanks to its well-thought-out features, it's quick to set up, easy to clean and safe on the go.

- **Push-button folding system** – With just one click, the trailer folds up in seconds – perfect for storing or taking with you in the car.
- **Zips on the front and roof panels** – For flexible access and customised ventilation depending on the weather and your needs.
- **Removable, washable inner lining** – Everything's clean in no time – with absolutely no effort.
- **Durable materials** – Withstands everything: scratches, dirt, wind and weather. Ideal for everyday use.
- **Bumper with openings for a bike lock** – Here's how to securely lock your Croozer when you're out and about – so you can feel at ease, even during a quick stop.

CROOZER

ACCESSORIES

DOG BED

Perfect for indoors and outdoors, whether you're out and about or at home. This dog bed, with its sturdy, padded sides, ensures maximum comfort. The washable cover is hard-wearing and weatherproof – perfect for both indoors and outdoors. The colours and sizes are designed to match the Croozer DOG models perfectly.

BUGGY-SET

Turn your Croozer DOG into a manoeuvrable dog buggy in no time at all – ideal for leisurely walks, trips around town or visits to the vet. The smooth-running swivel wheel ensures excellent manoeuvrability, and the conversion is quick and easy.

ROOF COMPARTMENT

Practical storage space for everything you need on the go: bowls, lead, toys and more. With a load capacity of up to 4 kg, it's ideal for longer walks. Quick to fit, easily adjustable – plus a mesh pocket for small items. So you've got everything to hand.

RAIN COVER

Made from waterproof polyester with a PU coating and a water column rating of 5,000 mm – guaranteed to keep your dog dry, even in heavy rain. The bright Lightning Yellow colour and reflective details ensure excellent visibility. The front window ensures a clear view. Fits perfectly and is quick to put on.

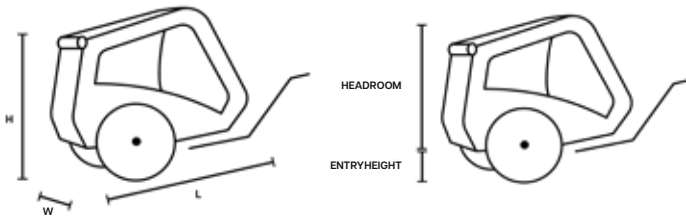

STORAGE COVER

Perfect protection against dirt and moisture – indoors and outdoors. The durable polyester (5,000 mm water column) is weatherproof, washable and can be put up in no time thanks to the elasticated edges. Ideal for basements, garages or patios.

FAVOURITE COMBINATIONS

TOGETHER IS OUR FAVOURITE MOOD

ALL-WEATHER, ALL-SEASON PROTECTION

In the Yuuna, your passengers are always perfectly protected – in sun, rain, or wind:

- **Effective sun and UV protection:** Integrated side and front sun canopy, SPF 80 UV protection in all windows
- **Protection from outdoor inconveniences:** Yuuna's 2-in1 canopy offers protection from insects and small stones (mesh canopy) or light rain (PVC window).
- **Full comfort:** Breathable Climatex® sweat-absorbing and temperature-regulating material
- **Optimal air circulation and temperature control:** built-in ventilation flaps and a cleverly designed ventilation tunnel ensure continuous air exchange even when the top is closed.

SAFETY

Yuuna not only upholds strict safety standards, but also leads the way in innovation with features such as:

- **Adaptive suspension:** Croozer AirPad® Damping and suspension for smooth running on any surface – **no adjustment required!**
- **Handbrake:** acts as an **active brake** (that controls powerful drum brakes on both wheels at the same time) and a **parking brake**.
- **Rotatable coupling axle** - keeps the Croozer safe when stationary, even if the towing bike tips over.
- **360° safety frame with bumper** - Offers maximum protection for all passengers.
- Low center of gravity – Ensures maximum stability and smooth running.
- **All-round visibility** - thanks to reflective elements in the fabric and additional battery lights.

COMFORT

“Driver” or small passenger – with Yuuna, you’ll enjoy every ride with maximum comfort and flexibility!

- **Infinitely adjustable push handle** (from 90 to 120 cm)
- **Lots of space:** even with two Kid modules, Yuuna offers an 80 liters trunk volume
- **Easily foldable** and unfoldable for travel or storage
- **Comfortable on the go:** Ergonomic seat design with extra side padding in the sitting and lower back area.
- **Automatic suspension:** Croozer AirPad® absorbs shocks and secures smooth and safe running on any surface – no adjustment required!

EFFORTLESS MOBILITY

You can get on your way quickly and easily with Croozer. No tedious conversion, assembly or coupling. **Click & Crooz® technology** (drawbar with lockable coupling) turns the Croozer into a jogger or buggy for an impromptu trip with the dog and Child in no time at all.

- **Swap modules** in a single click.
- **Convert a trailer** into a stroller or a Jogger mode at the push of a button
- **Easily foldable and unfoldable** for travel or storage

ACCESSORIES

SEPERATOR-SET

A practical solution for organisation and partitioning in the Yuuna. The sturdy mesh partition creates a clear and secure barrier between two passengers (whether children or dogs) or between a passenger and luggage. Three different covers (mesh, transparent PVC, full cover) provide customised protection. Super practical and easy to fit (included as standard in the Yuuna Dog module).

DOG BED

The cosy Yuuna dog bed has a sturdy, washable cover and can be used on either side of the trailer. Its shape and dimensions match the Yuuna cargo panel exactly (already included in the Yuuna Dog module).

RAIN COVER

The rain cover, with a water column rating of 5,000 mm, keeps your child dry in the Yuuna and ensures excellent visibility in traffic thanks to its eye-catching design.

JOGGER-SET

The jogger set, featuring two wheel arms and a 16-inch pneumatic wheel that clicks into place, ensures effortless, safe riding on any terrain. The patented tracking system ensures perfect straight-line stability.

FOLDING GARAGE

Whether you park your Croozer outdoors or indoors, the folding garage provides reliable protection against rain, dust and dirt.
