

Polish family company manufacturing the highest quality chews and toys for dogs

Successfully certified by:

Company History

TNC Pets (The Natural Chew) originated from a family-run antler business with deep roots in nature and wildlife. For generations, we have specialized in collecting and exporting **naturally shed red deer antlers**, valued in traditional medicine and artisanal crafts. Recognizing the **nutritional value and durability** of antlers, we expanded into producing pet products enriched with antler, ensuring dogs can benefit from their **rich mineral content, long-lasting chewability, and natural composition**.

All our antlers are ethically sourced from **wild, free-roaming deer**, without human intervention. This guarantees a **humane, sustainable, and eco-friendly** approach, ensuring that no animals are harmed. We focus on delivering **high-quality, natural chews** that support **dental health, joint care, and mental stimulation** for dogs. Our production meets the **highest veterinary and safety standards**, and in 2023, we proudly obtained **BRC(GS) certification**, further proving our commitment to excellence.

As a brand, **4DogsOriginal**, we are constantly evolving, creating **innovative, healthy, and safe products** for pets. Our extensive range includes **antler chews, meat treats, and functional snacks enriched with natural ingredients**. We also offer **private label production**, allowing partners worldwide to create custom, premium-quality pet products.

With a passion for natural chews and sustainable practices, we continue to shape the future of healthy pet nutrition.

Red Deer Antler Chew

The ultimate natural chew for your dog!

Red Deer Antler Chew is a long-lasting, all-natural chew toy designed to keep your dog entertained while promoting dental health. Made from premium-grade antlers that are naturally shed, this chew is rich in essential nutrients like calcium and phosphorus, making it a healthy and sustainable choice for your pet.

- 100% natural and humane - antlers are collected without harming animals.
- Rich in nutrients like collagen, calcium, phosphorus, and protein.
- Durable and long-lasting, ideal for aggressive chewers.
- Odor-free and stain-free for clean indoor use.
- Promotes dental health by reducing plaque and tartar buildup.

Red Deer Antler Chew is the perfect combination of durability, nutrition, and sustainability for your dog's chewing needs.

***All of our antler chews are 100% natural
and handmade!***

Rope Toy with Antler Chew

The Perfect Combination of Play and Chewing

The Rope Toy with Antler Chew is an innovative blend of a natural cotton rope and a natural deer antler, designed to provide both entertainment and health benefits for your dog. This unique toy satisfies your dog's natural instinct to chew while also serving as a great tugging toy for interactive play. The antler is rich in essential minerals, while the rope's texture helps clean teeth and massage gums during play.

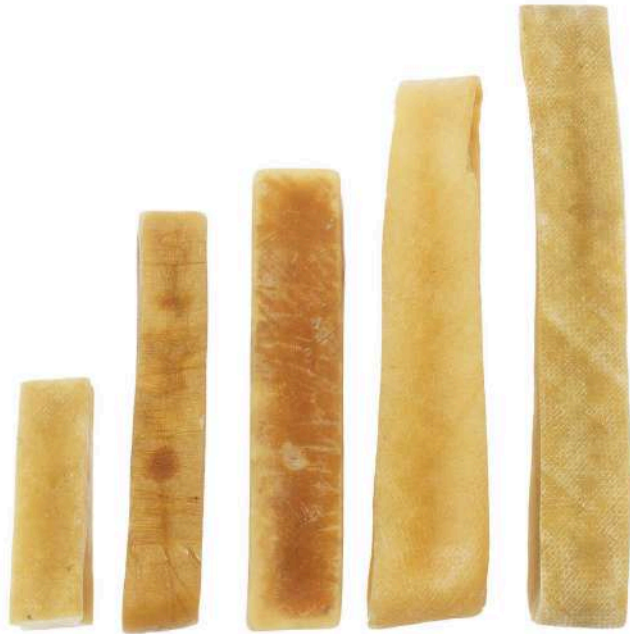

- Made from 100% natural cotton rope and sustainably sourced deer antler.
- Supports dental health by reducing plaque and tartar build-up.
- Encourages interactive play, reducing boredom and stress.
- Durable and safe for strong chewers.
- Available in different sizes and models to match all breeds.

The Rope Toy with Antler Chew is the ultimate combination of fun and function, keeping your dog active, engaged, and healthy in a completely natural way.

All of our antler chews used in rope toys are 100% natural and handmade!

Chhurpi - Himalayan Cheese Chew

The ancient Himalayan treat your dog will love!

Chhurpi is a hard cheese chew made from himalayan cows milk using traditional methods. This long-lasting treat is perfect for keeping dogs entertained while providing a protein-rich snack that supports dental health.

Our cheeses are original chews handmade in the Himalayas, from the milk of free-range, high-altitude grazing animals. This is no ordinary product from a European factory!

- Made from himalayan cows milk - high in protein, low in fat.
- Long-lasting chew ideal for active dogs.
- Promotes dental hygiene by reducing plaque buildup.
- Gluten-free and lactose-free for sensitive stomachs.
- 100% natural with no artificial additives or preservatives.

Chhurpi is a unique blend of tradition and nutrition that ensures hours of chewing fun.

All of our himalayan chews are 100% natural and handmade!

Each piece may be slightly different in appearance, shape or color.

Flavored Chhurpi - Himalayan Chew

Himalayan goodness with an extra twist!

Flavored Chhurpi takes the classic Himalayan Cheese Chew to the next level with enhanced flavors that appeal to even the pickiest pups. This chew combines high protein content with long-lasting durability to keep dogs engaged while promoting dental health.

- Available in various flavors to suit every dog's taste preferences.
- Protein-rich & low-fat snack made from himalayan cow's milk.
- Supports oral hygiene by reducing tartar buildup during chewing.
- Gluten-free, lactose-free, and free of artificial additives.
- Durable texture ensures extended chewing sessions.

Size	Length range:	Weight range:
S	6 - 10 cm	25 - 50 g
M	9 - 14 cm	51 - 85 g
L	13 - 16 cm	86 - 120 g
XL	14 - 18 cm	121 - 150 g
XXL	15 - 20 cm	151 - 180 g

Flavored Chhurpi provides a tasty yet nutritious option for dogs who love variety.

All of our himalayan chews are 100% natural and handmade!

CÖLLAGEN LINE

Properties of Deer Antler

22% of pure collagen

8/8 essential amino acids

38% of digestible protein

Benefits of Collagen Line

healthy bones and joints

beautiful skin and coat

digestion support

Collagen Line is our new range of **chews and treats enriched with deer antler**. It includes snacks in the form of dried meat strips, gnocchi, sticks, and meat balls, as well as easy-to-split meat bars and training meat cubes. As part of the Collagen Line, we are also able to offer you peanut butter and dogchoc, which are also enriched with deer antler. They are perfect for filling toys and mats, and for helping to administer medication or supplements.

Deer antler is a unique natural ingredient, rich in valuable nutrients essential for a dog's overall well-being. It contains **22% pure collagen**, which plays a crucial role in maintaining healthy joints, cartilage, and connective tissues. Additionally, it provides **all 8 essential amino acids**, supporting muscle regeneration and overall body function. With **38% digestible protein**, deer antler contributes to strong muscles, improved endurance, and balanced nutrition. These natural components make it an outstanding addition to a dog's diet, offering both health benefits and a satisfying chewing experience.

Collagen Line products not only provide delicious and long-lasting treats but also actively support your dog's **joint and bone health**, promoting flexibility and mobility at all life stages. The high collagen content enhances **skin elasticity and coat shine**, giving your dog a healthy and vibrant appearance. Additionally, these treats aid **digestion and gut health**, ensuring better nutrient absorption and overall well-being. By choosing Collagen Line, you provide your dog with a natural, nutrient-rich, and highly beneficial supplement in the form of enjoyable and tasty chews.

Available Meat:	
duck with spirulin	duck with carrot
duck with beetroot	duck with tripe
<i>All varieties available in hard and semi-soft versions.</i>	

Meat Bars with Deer Antlers

Nutritious, Versatile, and Packed with Benefits

Meat Bars with Deer Antlers are a delicious and protein-rich treat designed to provide both taste and health benefits for your dog. Made from meat and enriched with natural deer antler powder, these bars offer a unique combination of essential nutrients, including collagen, amino acids and minerals. Their versatile texture allows them to be produced in both semi-soft and hard versions, catering to dogs with different chewing preferences. Additionally, they can be shaped, scored for easy portioning or even embossed with a logo, making them a truly customizable snack.

- Made with premium meat and enriched with deer antler powder.
- Available in semi-soft or hard versions to suit different chewing needs.
- High in protein and collagen to support joint and muscle health.
- Free from artificial additives, fillers, and preservatives.
- Ideal as a daily snack, training reward, or functional treat.

Meat Bars with Deer Antlers provide a convenient and nutritious way to support your dog's overall well-being while satisfying their natural chewing instincts with a delicious, high-quality treat.

Available Meat:
duck with tripe - small cubes
duck with tripe - large cubes
<i>Both sizes are available in a semi-soft version.</i>

Training Meat Cubes with Deer Antler

High-Protein, Nutrient-Rich Rewards for Every Dog

Training Meat Cubes with Deer Antler and Tripe are the perfect combination of taste and nutrition, designed to support your dog's health while providing a highly motivating reward. Made from high-quality meat, natural deer antler powder, and nutrient-rich tripe, these treats are packed with protein, collagen, and essential amino acids. Their irresistible flavor and soft, chewy texture make them an ideal choice for training sessions or as a daily snack. Available in two sizes - large cubes for bigger bites and small cubes for frequent rewards. They cater to dogs of all breeds and sizes.

- Made from meat, enriched with deer antler and tripe for extra nutrients and flavour.
- High in protein and collagen to support muscle and joint health.
- Soft, chewy texture ideal for training and quick rewards.
- Free from artificial additives, fillers, and preservatives.
- Available in large and small cube sizes for different training needs and dog sizes.

Training Meat Cubes with Deer Antler provides a nutritious and delicious way to reward your dog, ensuring they stay healthy, happy, and eager to learn.

Premium - 10 cm / 15 cm / 30 cm

Beef Bully Sticks

Natural, Long-Lasting Chew for All Dogs

Beef Bully Sticks are a 100% natural chew made from dried beef pizzle – a classic, time-tested treat loved by dogs of all breeds and sizes. Their intense aroma and chewy texture keep dogs engaged for longer, helping to satisfy their natural need to chew while promoting mental stimulation and relaxation. These sticks are highly digestible, rich in protein, and low in fat, making them a healthy and enjoyable alternative to rawhide or synthetic chews. We offer two versions: Standard, and Premium, which consists of thicker, heavier pieces made exclusively from Polish beef – ideal for larger dogs or more persistent chewers.

- Made from carefully dried beef pizzle, fully natural.
- Available in Standard and Premium thickness.
- Premium version comes from high-quality Polish cattle.
- Supports dental hygiene by reducing plaque and tartar.
- High in protein, low in fat, and easy to digest.

Beef Bully Sticks are a tasty, protein-rich treat that provides chewing satisfaction while supporting your dog's health – the perfect choice for both daily rewards and longer chewing sessions.

Dried Ears – Beef, Pork & Rabbit

Natural Chews in a Variety of Types and Textures

Dried ears are natural, protein-rich chews that provide both satisfaction and health benefits for dogs of all breeds. Our range includes beef, pork, and rabbit ears, available in two versions: with fur and without fur. Each type offers a slightly different texture, aroma, and chewing experience, giving dogs variety while supporting their natural instinct to chew. Ears with fur serve an additional function—they act as a natural source of fiber and may aid in cleansing the digestive tract.

- Made from 100% natural animal ingredients.
- Available in with fur and fur-free versions.
- Gently dried to preserve flavor and nutrients.
- Support oral hygiene and satisfy chewing needs.
- Suitable for dogs of all sizes and ages.

Dried Ears are a wholesome, species-appropriate snack, offering a natural source of protein and chewing pleasure while promoting overall health and well-being.

Available Variants:
Beef Ears - with or without fur
Pig Ears
Rabbit Ears - with or without fur

Beef Chews and Treats

Natural and packed with nutrients

Beef chews are a classic part of many dogs' diets – natural, tasty and functional. Our range includes various types of treats that satisfy both the need to chew and support health. Our range includes various types of treats that satisfy both the need to chew and support health. Beef tracheas are available in 3-5 cm pieces, as well as in longer 15 cm and 30 cm variants, and are a crunchy and aromatic chew rich in natural collagen. We offer beef tripe in strips or powder form – it supports bacterial flora and improves digestion. The range is complemented by beef rumen, beef hooves and beef skin braids, which keep dogs busy for a long time and provide valuable protein.

- Beef trachea – crunchy pieces (3-5 cm, 15 cm, 30 cm), a natural source of collagen.
- Beef tripe – strips or powder, supports digestion and intestinal flora.
- Beef abomasum – easily digestible and rich in protein.
- Beef hooves – a hard chew for long-lasting entertainment.
- Beef skin braids – durable and tasty, for dogs that like to chew intensely.

Beef chews are a natural addition to your dog's daily diet, providing them with the joy of chewing, supporting digestive health and maintaining oral hygiene.

Available Products:		
Beef Trachea 3-5 cm, 15 cm, 30 cm	Beef Tripe Strips	Beef Tripe Powder
Beef Abomasum	Beef Hooves	Beef Skin Braids

Wild Game Chews – Deer & Roe Deer

Natural Chews Packed with Wild Goodness

Our wild game chew selection includes deer and roe deer ears or legs, and deer skin, all carefully air-dried to preserve their natural nutrients and flavor. These chews are rich in protein, low in fat, and free from artificial additives, making them a healthy treat for dogs. Their unique scent and texture reflect their natural origin, making them especially attractive for dogs with strong chewing instincts.

- Made from 100% wild-sourced deer and roe deer.
- Naturally dried to preserve flavor and nutrients.
- Support dental hygiene and satisfy chewing needs.
- Single-ingredient, with no preservatives or colorants.
- Ideal for dogs on exclusion or novel protein diets.

Wild Game Chews offer a natural, hypoallergenic alternative to standard chews—perfect for dogs who enjoy a wilder, more primal chewing experience. Their novel protein source and firm texture support healthy digestion, dental hygiene, and long-lasting satisfaction.

Available Variants:
Dried Ears - Red Deer and Roe Deer
Dried Legs - Red Deer and Roe Deer
Dried Skin - Red Deer

Exotic Chews – Lamb, Camel and Goat

New flavours, a natural source of chewing pleasure

Exotic chews are a unique proposition for dogs that appreciate variety and intense flavour. The range includes lamb skin strips and rolls, which provide even large dogs with long chewing sessions and support oral hygiene. Camel skin, available in strips and braids, is distinguished by its aroma and high durability, effectively keeping your dog occupied for longer. The range is complemented by goat ears and lamb tripe – natural treats rich in protein that support proper digestion and overall health.

- Lamb skin – strips or rolls, for dogs that like to chew.
- Camel skin – strips and braids, durable and aromatic.
- Goat ears – a natural source of protein and nutrients.
- Lamb tripe – supports bacterial flora and the digestive process.
- 100% natural, no artificial additives or preservatives.

Exotic chews combine intense flavour and functional properties, providing your dog with long-lasting chewing pleasure and natural health support.

Available Products:		
Lamb Skin Strips	Lamb Skin Rolls	Goat Ears
Camel Skin Strips	Camel Skin Braids	Lamb Tripe

Dried Baltic Sprats

Natural, Protein-Rich Treat from the Baltic Sea

Dried Baltic Sprats are a high-protein, nutrient-packed snack made from 100% natural Baltic fish, carefully dried to preserve their essential vitamins and minerals. Rich in Omega-3 and Omega-6 fatty acids, these treats support healthy skin, a shiny coat, and strong joints. Their crunchy texture makes them an irresistible and beneficial reward for dogs of all breeds and sizes.

- 100% natural Baltic sprats, without additives or preservatives.
- Rich in Omega-3 and Omega-6 fatty acids for skin, coat, and joint health.
- High in easily digestible protein, supporting muscle development.
- Crunchy texture helps clean teeth and promote oral hygiene.
- Ideal as a healthy reward or daily snack for dogs of all sizes.

Dried Baltic Sprats offer a delicious, natural way to provide your dog with essential nutrients while satisfying their love for seafood flavors.

Ceylon Cinnamon Tree Chew

Aromatic, Healthy, and Unique Natural Chew

The Ceylon Cinnamon Tree Chew is a one-of-a-kind natural chew, made from the branches of the Ceylon cinnamon tree. It offers a subtle, natural cinnamon scent, which not only makes chewing more enjoyable but also provides anti-inflammatory and antibacterial benefits for your dog's overall health.

- Made from 100% natural Ceylon cinnamon wood, safe and healthy.
- Naturally antibacterial, promoting better oral hygiene.
- Contains anti-inflammatory properties, supporting joint health.
- Mildly hard texture, suitable for gentle to moderate chewers.
- Natural cinnamon aroma encourages chewing and relaxation.

Ceylon Cinnamon Tree Chew is a flavorful, functional, and health-boosting chew that enhances your dog's well-being in a natural way.

Our chews from cinnamon wood are 100% natural and handmade! Each piece may be slightly different in appearance, shape or color. Possible ±10% difference in length. Small cracks are a natural and immanent feature of wooden chews.

Heather Root Chew

Dense, Durable, and Perfect for Power Chewers

The Heather Root Chew is made from dense, air-dried heather tree roots, offering an extremely tough and long-lasting chewing experience. This chew is ideal for dogs that love to chew intensively, as its hardness and shape provides a challenging yet rewarding activity while naturally cleaning teeth.

- 100% natural heather root, sourced sustainably
- Extra-durable, perfect for strong chewers
- Helps remove plaque and tartar, promoting oral health
- Splinter-resistant, ensuring safe chewing
- Rich in natural minerals, supporting overall well-being

Heather Root Chew is a strong and satisfying chew, ideal for dogs who need an extra-durable, long-lasting chewing challenge.

Size	Weight:

Coffee Wood Chew Stick

Hard, Long-Lasting, and 100% Natural

The Coffee Wood Chew Stick is a durable and sustainable chew, made from the branches of coffee trees. Naturally mild-hard, it provides a long-lasting chewing experience for dogs who love to gnaw. Unlike regular sticks, it does not splinter but breaks down into soft, safe fibers that help clean teeth while being completely digestible.

- 100% natural coffee wood, free from additives and chemicals.
- Moderately hard, perfect for weaker chewers.
- Helps clean teeth and reduce plaque through natural chewing.
- Hypoallergenic and suitable for dogs with food sensitivities.
- Environmentally friendly and sustainably sourced.

The Coffee Wood Chew Stick is a safe, mess-free, and satisfying chew that keeps your dog entertained while supporting oral health.

Our chews from coffee wood are 100% natural, sourced from different regions and handmade! Each piece may be slightly different in appearance, shape or color.

Possible ±10% difference in weight and length. Small cracks are a natural and immanent feature of wooden chews.

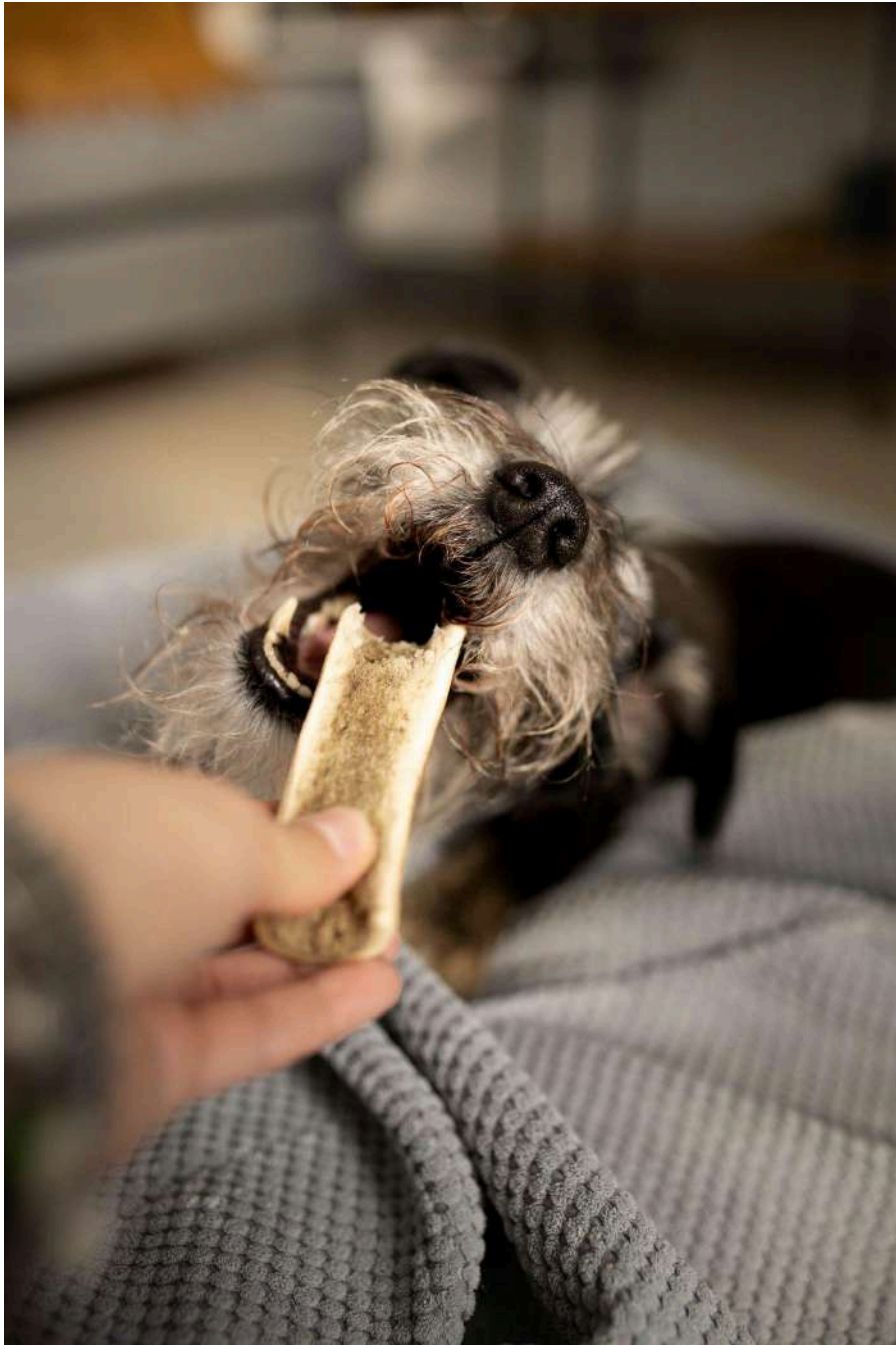

Sustainable product packaging

As a manufacturer and distributor of natural products, we make every effort to ensure that their packaging is also as nature-friendly as possible. Above all, whenever possible, we use as few unnecessary materials as possible in the packaging and labeling of our products.

Most of the products we offer are durable, so we only stick or attach labels to them. No foil or unnecessary, redundant packaging. Where the nature of the product requires plastic packaging, we use LDPE mono film packaging which is 100% recyclable.

Naturally, the labels - whether cigarband or cardboard - are printed on certified eco-friendly paper media. The cigarbands are then glued with food safe glue and the cards are tied with natural string.
