

Main Advantages Avant Garde Sustainable Papers High Barrier Packaging

- Eliminates plastic foil for many applications:
 - Biscuits / Granola Bars / Protein Bars
 - Chocolate and Candy Packaging
 - Home Care (Cleaning Tabs)
 - Personal Care (Sachets)
 - Sugar / Salt & Pepper / Herbs (Sachets)
 - Dry Pet Food (Snacks)
- CYCLOS HTP Certification confirms our High Barrier Paper Packaging can be recycled in the Old Paper waste Stream
- Responds to changing Consumer demands
- Helps you comply with changing European packaging legislation (PPWD)
- Helps you achieve your sustainability targets because plastic foils are difficult to recycle:
 - Inseparable due to use of combination of plastic types
 - Even mono-plastics difficult to recycle as there is limited recycling infrastructure
- Can be used on existing Packaging Machinery
