OUR PRODUCTS

Crafting Communication Through Packaging

In the dynamic landscape of industries, cardboard packaging serves as a vital communication bridge between buyer and manufacturers, influencing purchasing decisions and shaping brand perception.

OUR PRODUCTS

Crafting Communication Through Packaging

We produce **FOLDING BOXES** – this is cardboard packaging supplied in folded, „flat“ form.

TECHNOLOGY

Laminated packaging

Packaging made by laminating one kind of board to another. We glue the printed sheet onto corrugated paper of different strengths.

Laminated packaging is especially suited for protecting its contents, it is more durable, stiff and can bear higher loads.

Packaging made from solid board

Every packaging, that is not laminated during production is considered packaging made from solid board.

These are usually smaller boxes, where the contents aren't too heavy. Packaging for the cosmetic, pharmaceutical and food industry make up a big portion of this segment.

Everything in one place

3 DIE-CUTTING MACHINES

max sheet size
760 x 1060 mm

3 FOLDER GLUERS

for 1 to 6-point gluing
max open box format
800 x 1120 mm

1 WINDOW PATCHING M.

PP, PS, PET thickness
from 30 to 175 microns
max open box format
700 x 1000 mm

**1 GLUING MACHINE
FOR TAPERED TRAYS**

OUR PRINTING MACHINES

What can we print

- printing **up to 7 colors**
CMYK + 3 Pantone
- **water-based inks** and **UV inks**
- **2 varnishes** in one run
- different varnishes:
 - **BARRIER**
 - **SOFT-TOUCH**
 - **MATT DISPERSION**
 - **GLOSS DISPERSION**
 - **UV** – full area or spot only

PRINTING TECHNIQUES AND FINISHING OPTIONS

Specialists for special effects on packaging

- PRINTING WITH WHITE UV COLOR
- UV-SPOT-GLOSS VARNISH
- FOIL LAMINATION
- HOT FOIL STAMPING
- EMBOSSING
- DRIP-OFF EFFECT

Exploring different combinations of effects is where the magic truly happens.

OUR SAMPLE BOX

Magic box

- For easier communication with our customers
- Contains **13 different folding boxes**
- Demonstrates different **constructions, materials and finishing options**
- **Digital 3D version** available on our website

3D SAMPLE BOX

CERTIFICATES

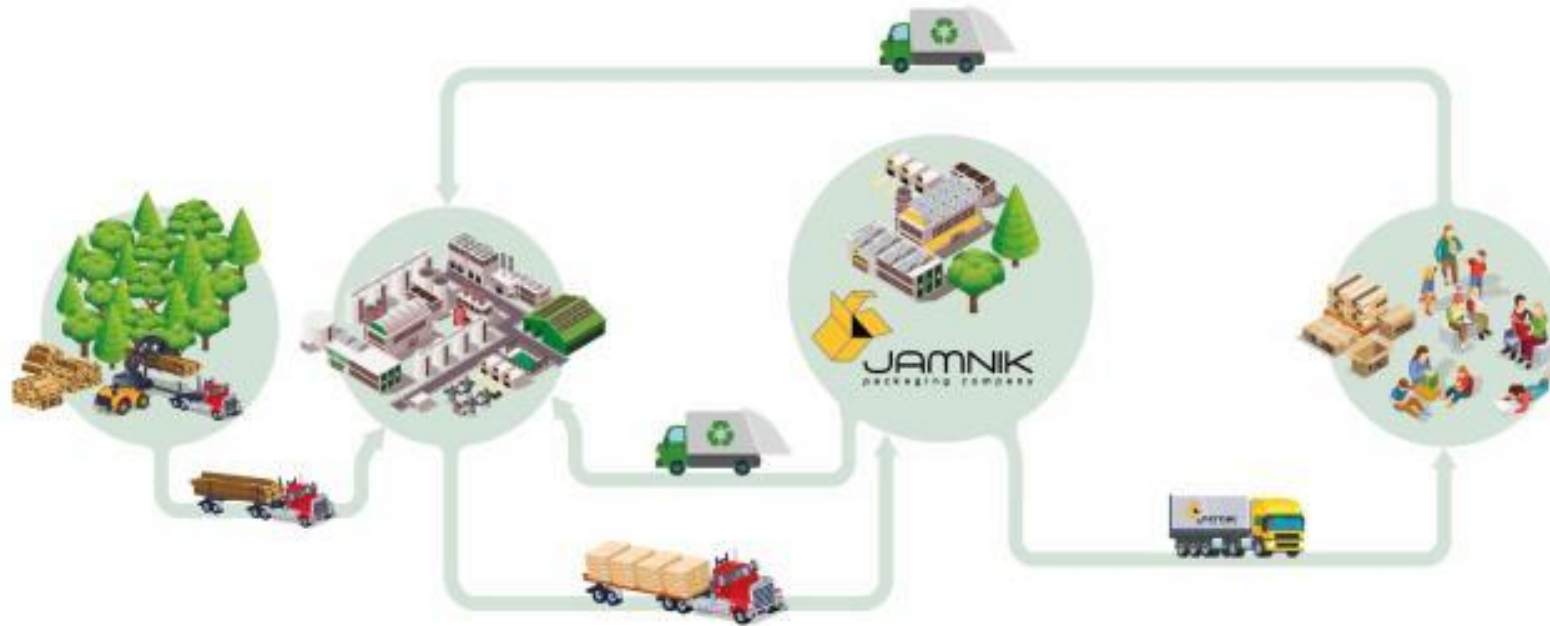

Excellence is our pride

- **ISO 9001** - Quality management system
- **ISO 14001** - Environmental management system
- **ISO 22000** - Food safety management system
- **FSC CoC**
Responsible forest management
- **UGRA**
Process standard for offset printing

SUSTAINABLE DEVELOPMENT

Our sustainability pursuits

We are committed to our **sustainability strategy** and are **successfully reducing CO2 emissions**.

In 2023, the **carbon footprint per employee was 7,833 kg**. This marks a significant improvement from 2021, when our carbon footprint per employee was 10.3 tons.
