

RECYCLED LEASH  
PRODUCT OF THE YEAR

# Linum Collection

freedog®

## Linum Collection, made with recycled plastic bottles

Freedog's Linum collection is an innovative offering that combines style, comfort, and sustainability for walks with your dog. This line includes adjustable collars, leashes, harnesses, and dispensers made from recycled materials, reflecting the brand's commitment to respecting the environment.

# COLLARS

## Linum

**Recycled materials:** Made with recycled materials, Linum necklaces help reduce waste and promote a more sustainable lifestyle.

**Ergonomic and comfy design:** They offer a secure and comfortable fit, adapting perfectly to your dog's neck without causing discomfort.

**Strong closures:** They incorporate a robust and practical closure that guarantees security throughout everyday life.

**Elegant aesthetic:** With colors like Sand Beige, Sunrise Yellow, and Forest Green, Linum collars add a modern and sophisticated touch to your dog.

# BAG DISPENSER

## Linum

**Durable and sustainable materials:** Made with quality fabrics and durable finishes, this dispenser guarantees a long lifespan while promoting more responsible use of pet accessories.

**Practical and functional design:** Its front-mounted system allows for easy bag removal, ensuring convenience at any time of walk. It also features an adjustable top closure that keeps bags protected and organized.

**Ensured portability:** Compact and lightweight, this dispenser can be easily attached to a leash or bag, making it easy to carry and use every day.

**Modern and natural aesthetic:** Pair it with the Linum collar, harness, and leash for a complete look.

# Recycled Belt of the Year 2025 Award

**RECYCLED LEASH  
PRODUCT OF THE YEAR**

The Linum leash has been recognized with the 2025 Recycled Leash Award at the Pet Innovation Awards.

This search reflects our commitment to sustainable innovation: designing products that are necessary for pets, but also for the planet we share.

At Freedog, we believe that the union of quality, design, and environmental responsibility is the tool for transforming the pet industry. This hearing is another step in our direction and a drive to continue innovating.

Thank you to everyone who trusts us and is part of this mission.

# ARNESES

## Linum

**Recycled materials:** Made with recycled materials, Linum harnesses reflect the brand's commitment to sustainability and respect for the environment.

**Ergonomic and comfortable design:** They incorporate a padded reinforcement in the chest area that provides a soft and comfortable fit to the dog's body, ideal for long walks.

**Sturdy closures:** The metal carabiner with a gunmetal finish ensures a firm and long-lasting hold.
