

L4 PERFORMANCE

COMPANY & PRESS INFORMATION
ENFORCE TAC 2027 · NUREMBERG

Hall 9 · Stand 9-122

1-3 March 2027

Load-bearing equipment, designed and made in Finland.

ABOUT L4 PERFORMANCE

L4 Performance is a Finnish manufacturer of premium load-bearing equipment for professional users. We design, prototype and sew every product in our own facility in Tampere, Finland, which lets us iterate quickly with end users and deliver consistent quality.

Our range covers modular plate carriers (L4PC, Maritime L4PC, ATLAS), the Adaptive Rig System chest rigs, the Super Modular Belt, back panels, side armor and a full line of pouches. Products are in service with military, police and special operations units in Finland, Sweden, Denmark, Belgium, Canada, the United States and Australia.

AT ENFORCE TAC 2027

Visit us at stand 9-122 to handle the gear, discuss unit-specific configurations and request evaluation kits. Our team is available for procurement officers, unit representatives and dealers throughout the show.
