### Products Description:

\*AVOID SELECTING A SIZE SOLELY BY WEIGHT...Please remember to measure your pet's neck and chest circumference before placing your order. If your pet's circumference is in between two sizes, we advise you to select the larger one. Otherwise, please make your purchase based on past experience.

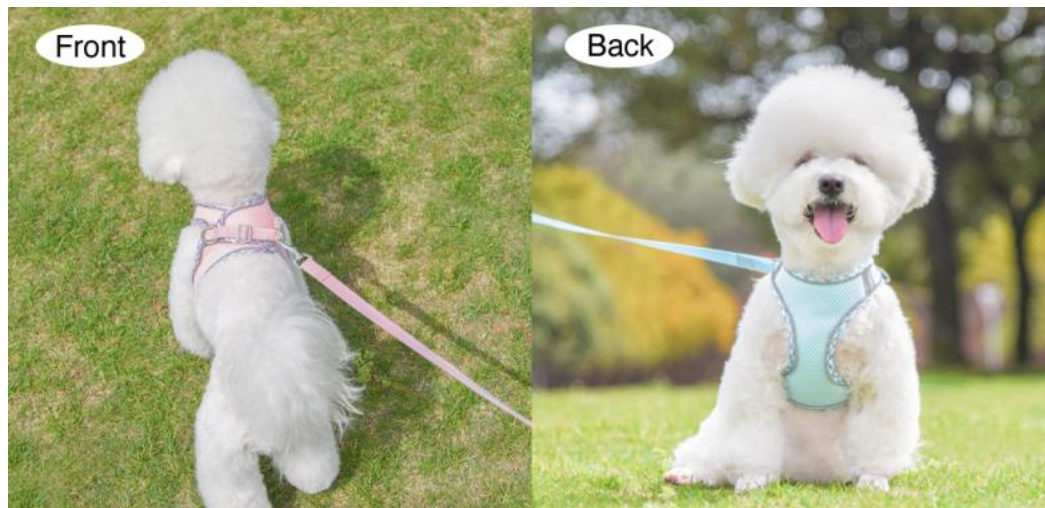

## Non-hair Velcro

High viscosity resistance to break free, refuse to tighten, tear and grind the fur of your pet.

\*Both breathable and cozy—The premium air mesh used in the construction of our mesh harness is breathable, soft, and pleasant for your pet's skin. Quick drying, lightweight, strong, and simple to clean. This mesh harness is perfect for your adorable puppy dog, who will enjoy running and strolling on a daily basis in any weather.

**\*EASY TO USE:** It is simple to put on and take off this step in harness for small dogs. Simply insert your dog's feet into the harness's opening, secure the clasp, and attach the leash. This harness can be put on in a matter of seconds.

**\*SAFE & reflecting:** The mesh harness's 360° surround reflecting design and highly reflective strips ensure your pet's safety in the dark and maximize visibility for nighttime dog walks.

**\*LEASH SET & MESH HARNESS** -The mesh harness has an O ring attached for a leash and a small D ring on the front that is intended for an ID tag or small decorative pendant for LED light Poop bags. The five-foot-long, nylon leash is sturdy and long enough to allow your dog to stroll freely while maintaining easy control over the distance. ideal option for your dogs.

Step in harness for small dogs to medium-sized canines.

**Qualities:**

Your pet's harness is made of breathable, light-weight, and soft air mesh material.

Easy to regulate design with no choke or step in harnesses.

Reflective strips encircle the design, enhancing visibility for your pet in low light.

Perfect choice for your pet, a mesh harness and leash combination.
