

## HOW IT STARTED?

Hye Pets is an extension of Aadvik Foods & Products Pvt Ltd, which is India's leading brand in camel and goat milk products, trusted globally for over 10 years. While serving the human wellness market, we discovered that goat milk is one of the most popular item in the international pet food, yet in India, there were no prominent brands offering such products for pets.

With deep experience in the field of special milks and a passion to innovate, we launched Hye Pets. What started as a small experiment quickly gained immense love from pet parents and their furry friends, proving there's a real need for clean, nutrient-rich pet nutrition in India.

★★★★★ **A great food supplement for pets**

Reviewed in India on 26 May 2025

**Verified Purchase**

My cat doesnt drink much water ,so I was looking for something which can add value to his hydration and increase water intake aswell!!

Now my cat enjoys drinking water with this powder,he is very healthy and his water intake has also increased.

My cat & Dogs Love It!

Both my cats and dogs go crazy for (hye pets) camel milk powder! It's easy to mix into their food, and I've seen great results in their health and energy. It's a great immunity booster, rich in calcium, and packed with lots of benefits. Totally worth it definitely buying again!
