

SMALL CALIBER  
AMMUNITION SOLUTIONS

## **EXCELLENCE IN THE DEFENSE SECTOR**

Minuterie 3M, founded in 1978, is registered in the Italian National Register of Companies operating in the armaments sector. We provide a wide range of defense applications. Everything is designed and manufactured in-house.

## **OUR PORTFOLIO INCLUDES**

### **BULLETS**

9mm, 5.56mm, 7.62mm & 12.7mm

### **LINKS FOR MACHINE GUNS**

M27, M13 and M09

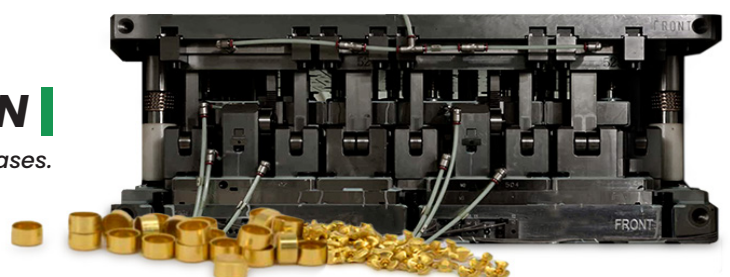

### **ARMOR-PIERCING STEEL CORES**

Available in various configurations or specific applications.

### **TOOLS FOR THE PRODUCTION**

Primer & bullet cups, anvils, case cups, and cartridge cases.

# **MACHINES**

*Our complete production line.*

## **TURNKEY SOLUTIONS**

A key strength of Minuterie 3M lies in its specialization in complete turnkey production lines for all types of bullets. By leveraging its own daily in-house production of small-caliber components, the company develops and tests high-performance machinery, molds, and equipment, guaranteeing efficiency, reliability, and long-term value for its clients.
