KniClad was a brand dedicated to creating high-quality knives designed specifically for outdoor enthusiasts. More than a knife, it is your adventure partner.

We seek partners passionate about the outdoor knife industry and eager to collaborate with a leading knife manufacturer. Whether you're a retailer, wholesaler, distributor, or brand owner, KniClad offers unparalleled partnership opportunities.

KniClad means Forged. Clad. Ready

These three powerful words define our mission. "Forged" is that every knife is precision-forged for durability and performance. "Clad" is built to be fully equipped, ready for any challenge. "Ready" is that empowering you to face the wild with confidence.
