shernbao

SINCE 1999

THE PROFESSIONAL MANUFACTURER

PGC-780

- Ideal for all coat types, SHERNBAO PGC-780 offers an ergonomic design and constant speed control to deliver more power up to 7000RPM.
- With 5 different speeds, 5000/5500/60000/6500/7000RPM and low noise, lower than 65dB.
- 4 hours run time and requires 2.5 hours to charge.
- Cord/cordless operation with USB-C connection and charging station, convenience all the way through your groom.
- It features 5-in-1 blade technology with 2 adjustable blades. → Page 8
The standard blade comes with the clipper.
- With LCD display to show speed, charging status, battery status, and clipper needs cleaning warning.
- Work perfectly with SHERNBAO® & WAHL® 5-in-1 Stainless Steel Attachment Guide Combs for additional cut lengths. → Page 12

The use of WAHL® or other product names or trademarks mentioned in this catalog is for informational and comparison purposes only. There is no association between SHERNBAO and these companies or their products.

PGC-818 / PGC-880

- Cord/cordless operation with universal USB charger for worldwide use, super powerful.
- 3 adjustable speeds (3000/4000/5000 SPM) with innovative rotational speed control system.
- 4 hours running time, 2 hours charging time.
- LCD screen displays time and speed.

Cool-8 Style Blade

- Hard and very sharp.
- Ceramic cutting technology runs cooler and quieter.
- Extra Titanium coating, super hard and wear-resisting, stays sharper longer. Wear ability and durability.
- Only fit Shernbao CAC-878 detachable blade clippers.

PGC-818

PGC-880

CAC-878

- Cord/cordless operation with universal USB charger for worldwide use, super powerful.
- 3 adjustable speeds (3000/4000/5000 SPM) with innovative rotational speed control system.
- 4 hours running time, 2 hours charging time.
- LCD screen displays time and speed.

Cool-8 Style Blade

- Hard and very sharp.
- Ceramic cutting technology runs cooler and quieter.
- Extra Titanium coating, super hard and wear-resisting, stays sharper longer. Wear ability and durability.
- Only fit Shernbao CAC-878 detachable blade clippers.

PGC-318 / PGC-320

- Cord/cordless operation with universal USB charger for worldwide use.
- 2 adjustable speeds (4500/5500 SPM).
- LCD screen displays time, speed, lubrication notice and charging progress.
- High performance Li-ion battery (2000mAh).
- 3.5 hours running time, 2 hours charging time.

PGC-318

PGC-320

PGT-420

Designed for detailing use, to trim on pets' face, ears, sanitary area, feet and paws, also very suitable for surgical prep work.

- Ergonomic soft-grip design.
- Noise as low as 65dB, reduces dog anxiety.
- Cord/cordless operation with universal USB charger for worldwide use.
- Run 2.5 hour after 1.5 hour quick charge.
- Thin blade (0.25mm), best for groomers.

IPX7 WATERPROOF
FULL BODY WASHABLE

A5 Style Blade

- Hard and very sharp.
- Ceramic cutting technology runs cooler and quieter.
- Extra Titanium coating, super hard and wear-resisting, stays sharper longer.

Fit most A5 detachable blade style clippers, like Andis®, Wahl®, Oster®, Heiniger®, Aesculap®, etc.

New series A5 blades with steel cutter which is resharable are coming soon!

Replacement Shear Blade

EC-C01: Coarse Item: #3897

EC-C02: Medium Item: #3903

- Ceramic cutting technology runs cooler and quieter.
- Stays sharper and more durable than steel.
- Extra Titanium-coating, super hard and wear-resisting.

5-in-1 Style Blade

- Super smooth cutting.
- Warming slowly and Lower noise.
- Stainless & Ceramic finishing.
- Wear-resisting and durable.

Fit 5-in-1 style blade clippers:

WAHL® Arco, Bravura, Chromado, Creativa, Figura, Motion, Supergroom, ANDIS® Pulse Li 5, Supra Li 5, Vida.

Work perfectly with SHERNBAO & WAHL® 5-in-1 Stainless Steel Attachment Guide Combs for additional cut lengths.

Mini Cyclone Blow Vacuum Mini Portable Dryer

SMD-06 / SMD-06P

- Improved aerodynamics, reduced volume and weight by half, our dryer improve efficiency over 60%, saving your precious time, especially when dry your pets.
- SMD-06 with 2 temperature setting while SMD-06P with variable temperature setting.
- The stable air flow will help dry faster with less damage.
- The adjustable speed makes it great for controlling noise levels especially when dry the sensitive animals.
- Insulated ABS integrated molding housing to insulate the heat, motor circuit isolation to reduce the failure rate.
- Ergonomic handle easy to hold, small size easy to carry and store.
- First choice for home users.

Specifications								
Product Model	Max Power	Max Current	Max Wind speed	Max Wind Volume	Temperature after 1 minute of operation	Max temperature	Max Noise	Net weight

Note: The above data are the data measured by our company and will be used for reference only. The test conditions of temperature are: the test results of room temperature 25.9°C, and distance from the air outlet 2.5cm.

Optional accessories

SMD-BA

PBD-701H

PBD-702H

Paige Dryer Series

PBD-701H / 702H

- Double padded compartment design, effective cooling, surface insulation, noise reduction shock.
- ABS resin shell creates a layer of safety barrier for you and dryer, blocking part of the high temperature generated from surface for long time operation.
- Innovative circuit and motor safety isolation technology to reduce the failure rate and increase the service life.
- All-copper movement and longer widening carbon brush, make a 3 times the life expectancy, stronger blow force.
- Innovative turbomachinery, more power, optimized airduct design and more powerful.
- Softly technological innovation, thicker filter and airduct technology innovation, which makes noise lower.
- A new generation of CVT, four seasons available, the temperature and air volume for free adjustment.
- Humanization innovation, safety insulation, 5cm thick airduct, 4.5mm TPU composite fabric insulation cover.

Vacuum Cleaner WITH SELF-CLEANING PET BRUSH KIT

for Pet hair grooming. Environmental cleaning and dust removing

Accessories:

Model: **BVC-01**

LARGE CAPACITY

This SHERNBAO vacuum cleaner has larger capacity than normal vacuum cleaners. With a capacity of 20L, it can store pets' hair after several times of grooming without frequent cleaning. The cyclone filter and stainless steel filter prevent knot and adhesion. And can filter more than 99% of dust, dander and parasites.

LOW NOISE & POWERFUL SUCTION

It has high performance but with low noise. You almost can say "good-bye" to the noise. This is very friendly to the pets which are particularly sensitive to noise. 16kPa powerful suction helps you to solve the gap dust of bed/sofa/furniture.

FOOT PEDAL

This machine is specially equipped with a foot pedal. When you brush the pet's hair, you don't need to leave the vacuum cleaner on all the time. Just gently step on the foot pedal to start or stop the machine.

POWERFUL MULTI-IN-ONE PET BRUSH KIT

It comes with self-cleaning pet brush kit, includes slicker brush/undercoat breaker brush/de-shedding brush/cleaning brush which can help to brush all breeds dogs and cats for different purposes. Compared with traditional grooming brushes, it saves 90% of grooming time. In addition, cleaning brush helps to remove the hair quickly from your clothes, sofa, bed and other textile items and will not damage them to keep your home clean and tidy all the time.

Self-Cleaning Pet Brush Kit

Pet Hair Combing Accessories for Vacuum Cleaners

SMD-C KIT

Does your pet shed A LOT ?
and you may meet the following troubles:

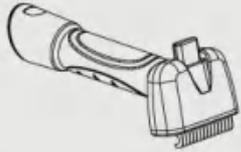

1. There will be a lot of fallen hair in the home environment and on your clothes.
2. After grooming the pet hair, you have to clean the room and brush, and finally remove the hair fallen on you.
3. After taking a bath for pets, there will be a lot of fallen hairs in the bathroom, or even blocking the drainage channel.
4. When drying wet pets, the fallen hair will flutter in the air, just like a pillow fight.

Now!

You have SHERNBAO Self-Cleaning grooming kit will help you say goodbye to the trouble with your pet's hair.

1. Compatible with most vacuum cleaners which comes with a Suction Hose or Handle in the market.
2. Connect it to the vacuum cleaner, Self-Cleaning brushes can gently remove pets' shedding hair, and eliminate tangles, dander and trapped dirt.
3. Then suck all the collected hair into the dust bucket of the vacuum cleaner.
4. We recommend that you use this kit to groom your pet regularly. It will significantly improve your pet's fur condition,
5. also can keep your home clean and tidy.

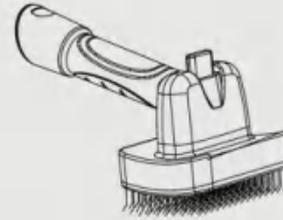

Undercoat Breaker Brush

It is suitable for all dogs and cats that shed their hair seasonally, especially those with medium and long hairs that are easy to fall off. The 15-tooth stainless steel U-shaped undercoat breaker is suitable for dogs and cats of different sizes. When combing, it is easy to cut through mats and remove loose undercoat, so as to allow the skin to breathe smoothly, effectively preventing various skin diseases and keeping the hair healthy and fluffy.

De-Shedding Brush

It is precision designed to conform to pets' natural shape, help glide over skin, and prevent digging in on the edges. It's more efficient for all dogs and cats with medium and short hairs that are easy to fall off. The edge of the 66mm (2.6inch) stainless steel safety blade can easily contact pets' short bottom hair, which is convenient to remove messy and fallen hair on the inner layer, helping the hair grow circularly, and keeping the hair beautiful and supple all the time.

Slicker Brush

It features long, curved pins set into a firm pad, specifically designed to penetrate long and dense coats, suitable for fluffy coat dogs and long-haired cats, etc. The ergonomic-curved-surface design makes it easy access to difficult to reach areas, remove hair tangles and dead hair, keeping the hair beautiful and fluffy all the time.

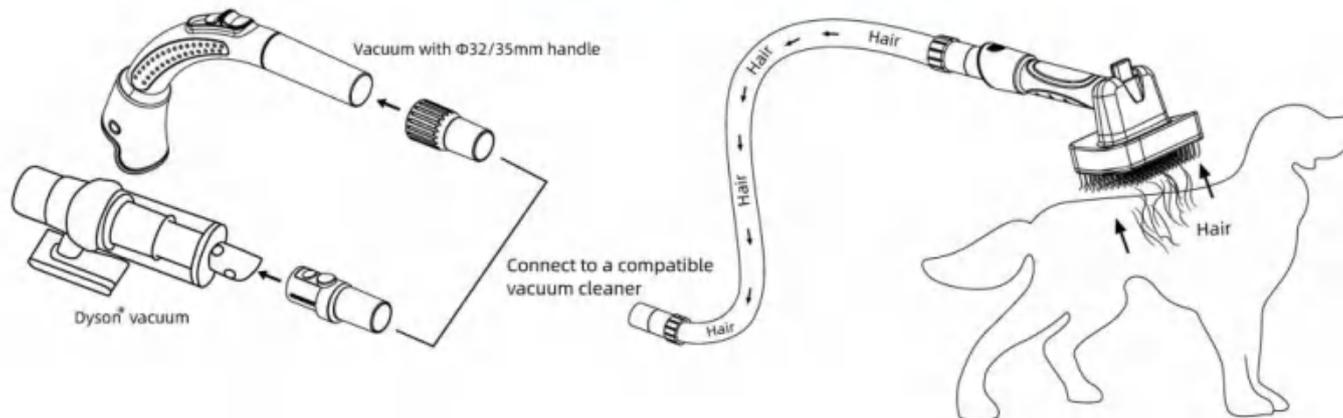

When cleaning the clothes, please remove the brush head for using.

Cleaning Brush

When your clothes, sofa, bed and other textile items are covered full of pet hair, especially during the pet hair shedding season, the hair shed by pets is flying everywhere. You can use this cleaning brush with a vacuum cleaner, which can help you remove the hair quickly and efficiently, and also will not damage the items that need to be cleaned so that keeping the home clean and tidy all the time. (Please note: In order to protect your wool or silk clothing, remove the brush parts when cleaning the clothes.)

Excluded in SMD-C KIT, but included in BVC-01

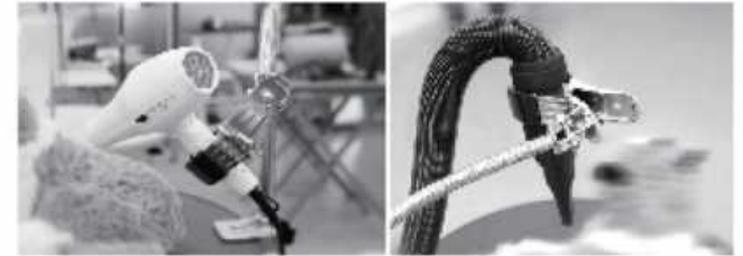

FDS-02 Groomer's Third Arm

3000A Hand-held Dryer

- Features amazing wind speed and whisper-quiet operation, making sensitive pets more comfortable.
- 2 heat/2 air settings for quick styling.
- Brand new developed Johnson AC motor with breakthrough technique brings a 1400-hour ultra-long lifespan.
- Thermal overload protection features to protect the motor from extreme temperature.

Stand and Hard Pipe Combi Set (The dryer is not included)

FDS-01

Suitable for Shernbao SHD series and DHD-2400T dual motor dryers

- Features adjustable height and extremely stable stand.
- Movable and flexible collaboration with easy installation.
- Free your hands to focus on creative grooming and styling; helps improve work efficiency.

FDS-04

Only suitable for Shernbao DHD-3000F

- Convenient design for easy and quick connection allowing hose changes in under 10 sec.
- Adjustable height and vertical rotation; 360° nozzle adjustment for precise positioning of air.
- Heavy duty, hair-proof casters allow easy movement with brakes.

Dryers Wall Bracket (The dryer is not included)

FDW-03N

Suitable for Shernbao SHD series and DHD-2400T dual motor dryers

FDW-04N

Only suitable for Shernbao DHD-3000F

- Sophisticated industrial design, convenient installation.
- Resists rust, deformation and instability.
- Save more space at pet shops.

(FDW-01N & FDW-02N Stainless steel wall brackets available)

Smart Care

Intelligent hot and cold air alternating cycle mode

Cold Air Mode:

- * Quickly tighten hair scales
- * Reduce grease
- * Make hair more fluffy & hydrated

Hot Air Mode:

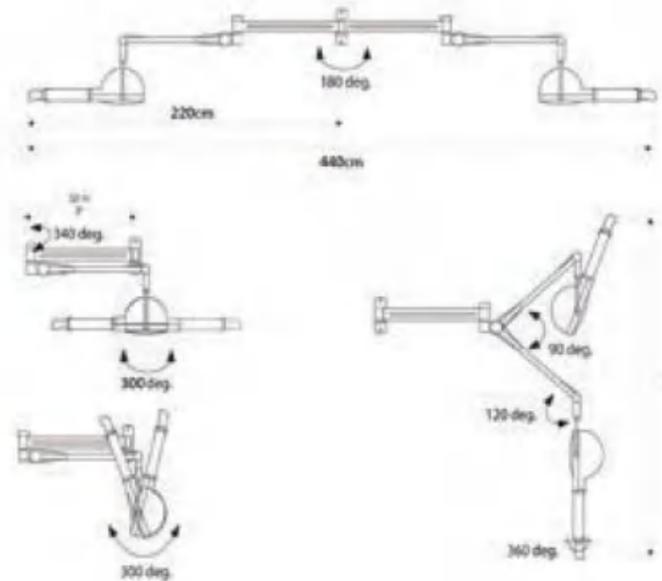

- * Dry quickly
- * Protect hair scales
- * Enhance absorption of moisture
- * Activate hair elasticity

PSD-918P / PWD-919P

Supreme Series

- Use aluminum alloy shells, more elegant, strong and durable.
- Specially designed encoder switches for wind speed and temperature adjustment, and easy to set up.
- Electronic switches without friction between components, very safe.
- 9-level digital control with on/standby function.
- LCD screen accurately displays wind speed and temperature.
- Mica long life heating element with thermal overload cutout can prevent overheating.
- Japanese-made heavy duty 1/4HP motor and turbofan, precise, strong and durable.
- The brushless motor ensures longevity, over 8,000 hours.
- With our advanced technology, the noise is greatly reduced to 58 dB.
- Advanced tourmaline brushes generate anions, up to 6million/cm³, which aids in containing the internal cuticle moisture and helps tame the unruly hair and straighten the curly coats.
- New upgraded "Smart Care" function, with hot and cold air alternating cycle mode, which helps to dry faster, tighten hair scales, strengthen the water lock effect, reduce grease, make hair more fluffy etc.
