

FIX<K>CHIPS

T E C H N O L O G Y

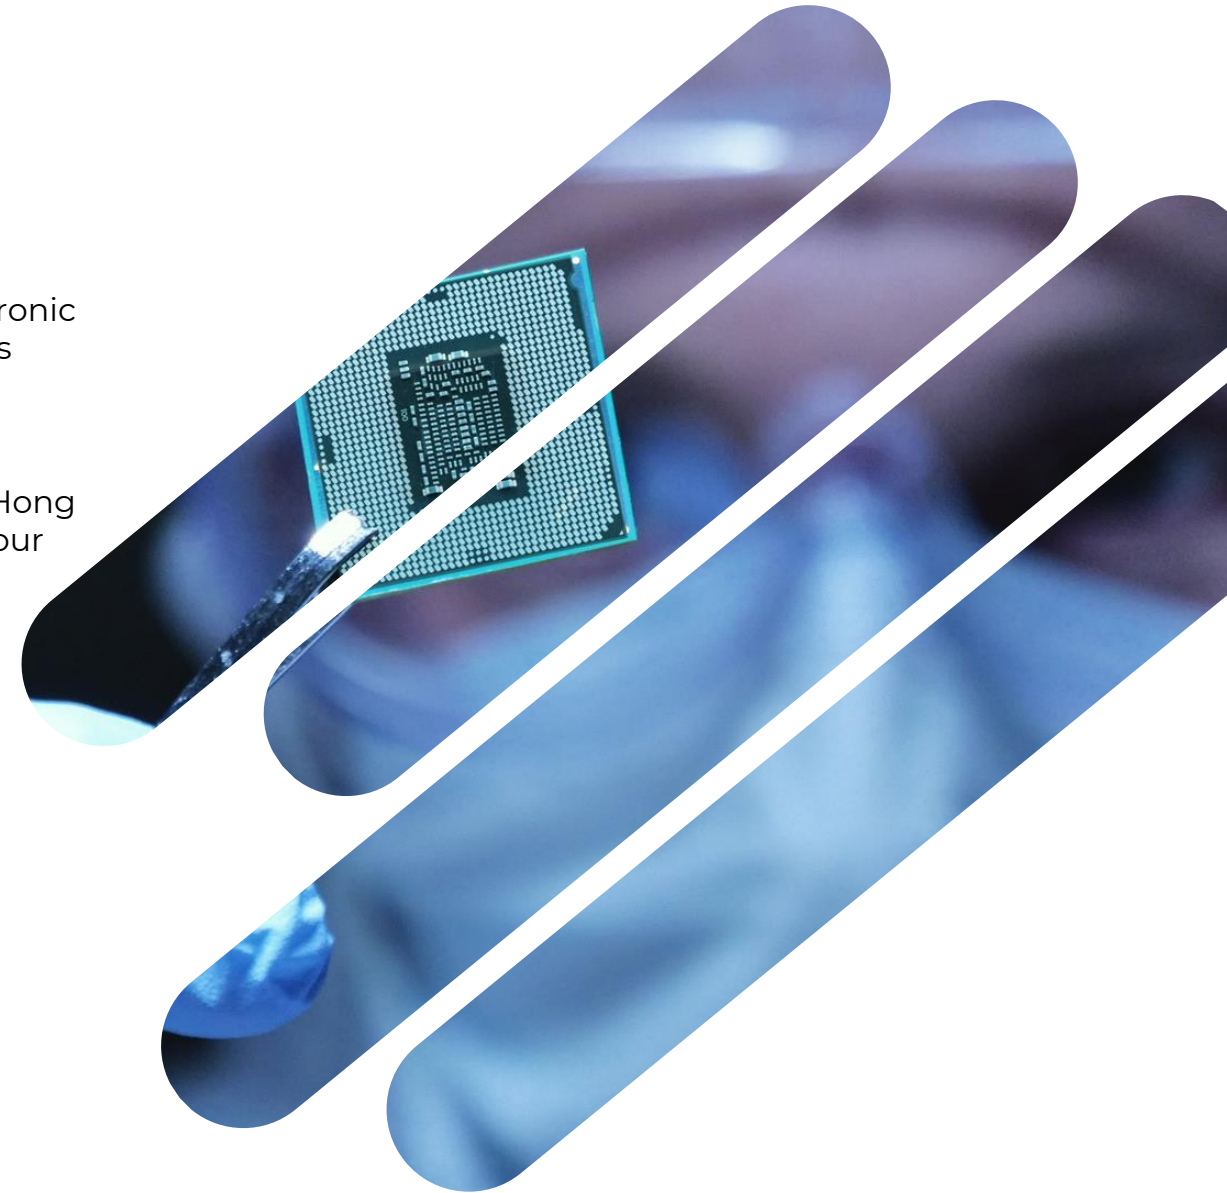

YOUR PRIMARY SOURCE FOR ELECTRONIC COMPONENTS

FIXCHIPS TECHNOLOGY

Founded in 2011, **Fixchips Technology** operates as an independent electronic component distributor, serving customers listed in the top 50 distributors on SourceESB, as well as OEMs and CEMs.

Headquartered in Montreal (Canada), with offices in Munich (Germany), Hong Kong, Shenzhen, and Singapore, and with over 100 employees amongst our different offices, we can offer 24-Hour support to our customers.

Fixchips Technology has a large inventory of ICs. We boast highly competitive prices in MFG such as AD, TI, Altera, Atmel, Freescale, Xilinx, Linear, and many more.

GLOBAL SOURCING

Working with OEMs and agents around the world we provide accurate sourcing information.

SUPPLY CHAIN: OUR SOURCES

- 1. Global Market:** Excess Materials acquired from OEM, CM and EMS located around the world.
- 2. Distributor Market:** Partnership with Franchise Distributors to locate inventories.
- 3. Qualified Open Market Sources:** Suppliers from this source, will undergo a stringent selection process, to ensure only quality products reach the supply chain.
- 4. Fixchips Technology on-hand inventory:** Over 50k of line items located in our Global Warehouses.

INVENTORY SOLUTIONS

We proactively provide solutions in maximizing the asset value of at-risk component inventory.

OBSOLESCENCE MANAGEMENT

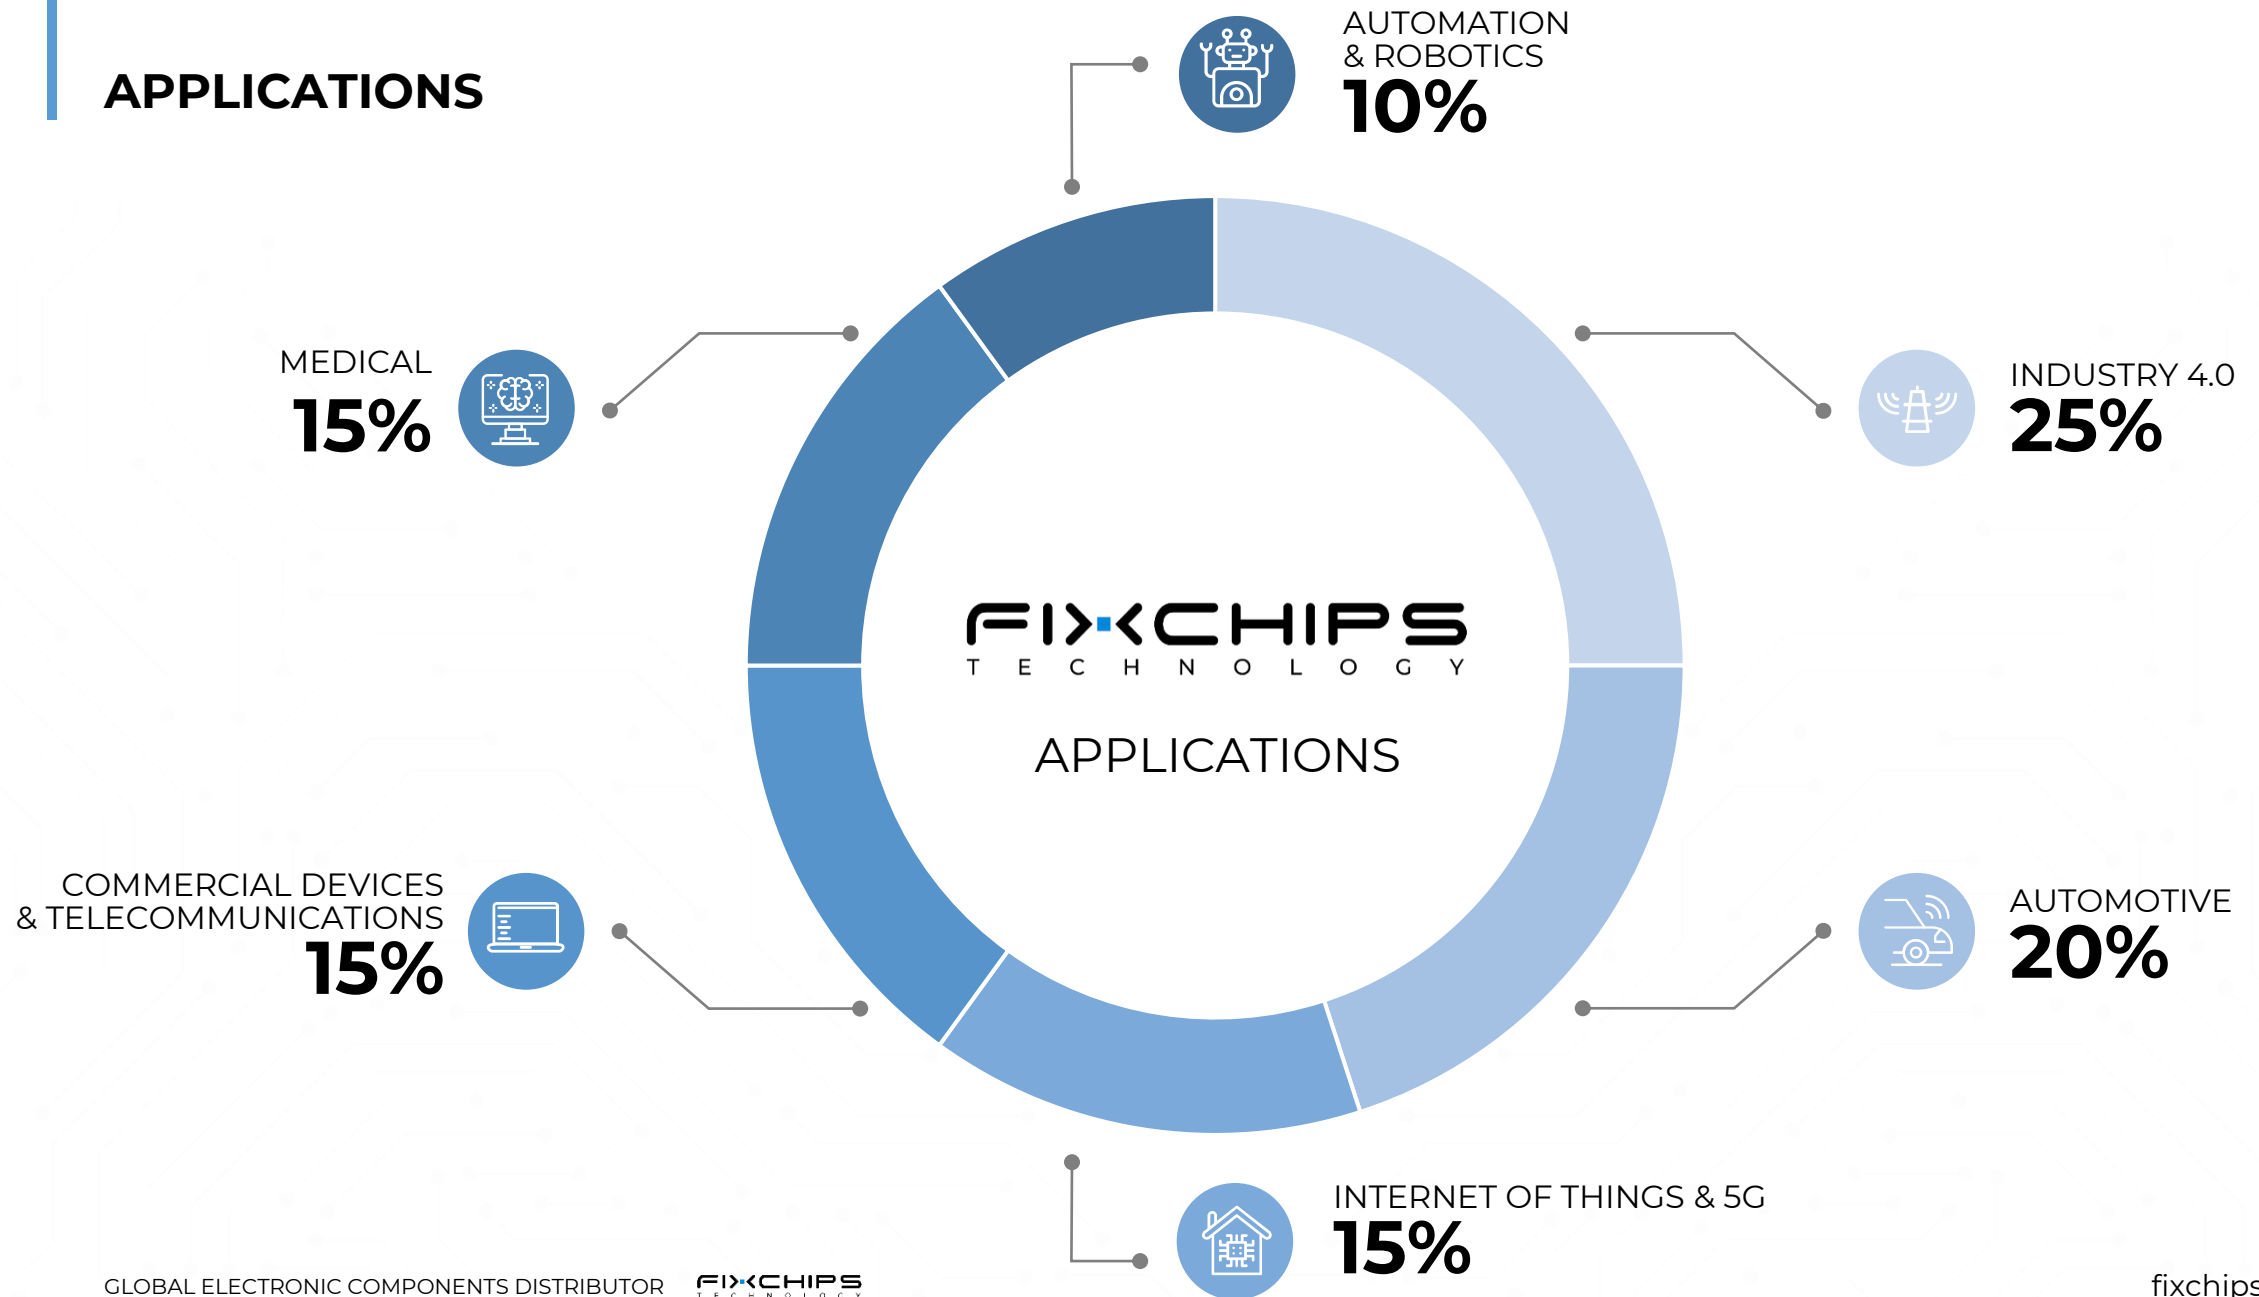

Our goal at **Fixchips Technology** is to provide our customers with the components they need at competitive prices in a timely manner, backed by excellent quality control.
