

Out of  
passion  
for  
**your vision!**

## PROTOTYPE PRODUCTION

BMKyourproto is the fast prototype service for demanding electronic projects.

Interactive digital **BMKyourproto** portal

**Fast** quoting, delivery time up to 7 working days including material procurement

**Digital Supply Chain** with API interfaces and access to global inventories

### Various additional services

AOI, Environmental analysis (RoHS / Reach), Life cycle analysis, DFM / DFT report, X-ray and micrograph analysis, 3D printing of housings and mechanical parts, rework services

### Everything from a single source

Prototypes, samples and series production

## FACTS & FIGURES

- Max. no. of components: Up to 20,000 per order \*
- Manufacturing processes: SMT, THT, Pressfit
- Assembly in accordance with IPC A610 Class 2
- Ruggedizing (coating, gluing)
- Smallest component size: 0201
- PCB: 30 mm x 15 mm – 450 mm x 290 mm
- Number of layers: 1 – 16 \*

(\* = more after consultation)

## BMKYOURPROTO PORTAL

Direct access to component availability, delivery times and an instant quote.

- Integrated digitalized communication as well as instant feedback regarding PCB and BOM
- Efficient preparation of your confidential data

## SHORTEST LEAD TIMES

- An independent, dedicated team and individual customer support
- Specialized processes and equipment
- Over 30 years of experience in the electronics industry
- Direct transfer from prototyping to serial production
- Access to a comprehensive BMK electronic parts inventory, alternative part suggestions and a direct digital API connection to our global suppliers
