

Natural and innovative feeding for animal welfare

Presentation for international distributors

01/ About Jarad Pet Food?

Jarad Pet Food was born from the commitment of the Valle Galbarro S.L. group, a family business with **over 30 years of experience in the cultivation, selection and packaging of natural products**. Since our origins, we have worked with a clear vision: **to offer food that guarantees the well-being and vitality of pets**.

Thanks to the total control of the production chain, from the cultivation of the ingredients to the final packaging, **we ensure the quality, traceability and freshness of each of our products for birds, rodents, dogs and cats**.

Today Jarad Pet Food is synonymous with natural and innovative food, with an offer adapted to the real needs of the market and a philosophy centred on respect for animals and the trust of our distributors.

Values that define us

Naturalness | Innovation | Animal welfare | Commercial proximity

02/ Our factory

Jarad Pet Food operates from a modern factory located in **Seville, Spain**, within the Valle Galbarro S.L. group, with over **20,000 m²** of facilities dedicated to pet food production.

Infrastructure and technology

- Automatic raw material receiving, sorting and cleaning system: **60 tm/h**
- Automatic receiving and secondary cleaning system: **30 tm/h**
- 4 automatic packaging lines for cereals, seeds and mixtures: **6 mt/h** (each)
- Additional packaging line for specific formats: **5 tm/h**

Logistics capacity

We have a solid logistics infrastructure comprising our own vehicles and partnerships with transport agencies, enabling us to offer a fast and efficient delivery service.

03 / Quality and certifications

Valle Galbarro, S.L. has implemented a Quality and Environmental Management System that complies with ISO 9001, 14001 and 22000 standards.

Quality is our trademark and the commitment we put into every product.

04 / Integrated production and quality assurance

We grow our own ingredients, selecting natural raw materials at source.

We apply strict quality criteria in the selection and reception of each batch.

We formulate and mix with the specific nutritional needs of each type of pet in mind.

We pack in our own factories, which allows us to maintain total control and guarantee traceability.
