MOUSE TAIL CAT TOY

A new type of cat toy that reproduces a realistic mouse tail by simply shaking the handle.

Material : Silicon & bamboo stick

Usage :

- Insert the silicon into the bamboo stick
- Please note that the silicone part may tear or gradually shorten depending on how and how often the cat plays with it.
- Please be careful not to let the cat play with it alone.
- The material used is harmless even if swallowed, but if a large piece is swallowed by mistake, consult to a veterinarian.
- Do not disinfect with boiling water or use bleach, thinner, benzene or alcohol.
