

Stretch the benefits

Fiber Reinforced Stretch Film

Innovative

Carbon Neutral

Resources Savings

A high-quality, eco-friendly & reliable partner for your wrappers!

FiberFilm™ is a stretch film reinforced with Fibers based on a patent-protected innovative design. The Fiber reinforcements provide **excellent tear resistance**, enabling the film to be stretched optimally reaching the **ultimate holding force** for your pallet.

The performance benefits allow for plastic reduction: Replace your film with **FiberFilm™** and achieve significant material savings, **exceeding 50% plastic usage reduction**.

The **FiberFilm™** performs at high settings, without breakages, ensuring higher and **uninterrupted production process**.

for Semi-Automatic Wrapping Machines
with **BRAKE TENSION SYSTEM**

ALPHA-L

Light applications.
Replace any up to 17µm film,
and adjust the tension to
exceed 50% material saving.

ALPHA-GP

General Purpose applications.
Replace any up to 20µm film,
and adjust the tension to
exceed 50% material saving.

ALPHA-HD

High Demanding applications.
Replace any up to film >23µm,
and adjust the tension to
exceed 50% material saving.

for Power Pre-Stretch Wrapping Machines
with **PRE-STRETCH RATIO UP TO 180%**

BETA-L

Light applications.
Pre-stretch ratio up to 160%.
Replace any up to 17µm film,
and adjust the tension to
exceed 50% material saving.

BETA-GP

General Purpose applications.
Pre-stretch ratio up to 170%.
Replace any up to 20µm film,
and adjust the tension to
exceed 50% material saving.

BETA-HD

High Demanding applications.
Pre-stretch ratio up to 180%.
Replace any up to film >23µm,
and adjust the tension to
exceed 50% material saving.

Excellent pallet
stability

Superior load
retention & safety

Consistent
Performance

At least 50% less
plastic waste

for Power Pre-Stretch Wrapping Machines
with **PRE-STRETCH RATIO UP TO 280%**

GAMMA-SL

Super light
applications.
Pre-stretch
up to 240%.

GAMMA-L

Light applications.
Pre-stretch
up to 260%.

GAMMA-GP

General Purpose
applications.
Pre-stretch
up to 270%.

GAMMA-HD

High Demanding
applications.
Pre-stretch
up to 280%.

for Advanced Technology High Speed
Wrapping Machines with **PRE-STRETCH
RATIO UP TO 320%**

DELTA-L

Light applications.
Pre-stretch
up to 280%.

DELTA-GP

General Purpose
applications.
Pre-stretch
up to 300%.

DELTA-HD

High Demanding
applications.
Pre-stretch
up to 320%.

for Advanced Technology High Speed
Wrapping Machines with **PRE-STRETCH
RATIO UP TO 320%**

FIBER FILM™ MARATHON is an evolved addition in the FIBER FILM™ range, with exceptional performance offering high pallet stability and perfect load safety.

Pre-stretch up to 260%

Pre-stretch up to 280%

Pre-stretch up to 300%

Pre-stretch up to 320%

Zero film breaks
during wrapping

Low CO₂ footprint
than market average

Reduced
downtime

Total cost
savings

Overall Resources Optimisation™

ORO™ is the concept of Megaplast describing the benefits a company will have by using and optimizing Megaplast's films for wrapping pallet loads. The usage of **ORO™** is resulting in minimising the company's operational costs, maximising its total cost savings and leading to an Eco-innovation and management of resource use.

ORO™ > Less plastic Less waste Less CO₂ Less energy
Less warehousing Less labor cost Less green taxes
