SOFTNESS

Created from the unconditional love for animals, **ANI+** goes beyond a brand of products and hygiene for pets. **It is a movement that celebrates the care, the love and the unique relationship between humans and their furry friends.**

With affordable products and without compromising quality, **ANI+** is committed to offer the best between two worlds.

ANI+

SHAMPOO FOR PETS – 500ML

The **ANI+ SHAMPOO** with Aloe vera is the ideal solution to keep a clean and well-cared-for pet. Ready to use, it produces light foam that cleans them in a practical and effective way, ensuring that their hair is soft and fluffy. It is indicated for 4-weeks-old dogs and cats of all breeds.

HOW TO USE:

Topical use. Apply **ANI+ SHAMPOO** to wet coat, massaging thoroughly until a uniform lather is achieved. Rinse well. For best results, follow up with the **ANI+ CONDITIONER**.

ANI+

CONDITIONER FOR PETS – 280ML

Both practical and ready to use, the **ANI+ CONDITIONER** is perfect to make your pet's hair light and silky. With Karité Butter and Sweet Almond Oil, it moisturizes and shines the hairs. It can be used in dogs and cats of all races starting from 4 weeks old.

HOW TO USE:

Topical use. After using the **ANI+ SHAMPOO** and rinsing, apply the **ANI+ CONDITIONER**, massaging and spreading it evenly on the entire hair. Rinse and dry thoroughly. Finish the bath with the **ANI+ COLOGNE**.

ANI+

COLOGNE FOR PETS – 120ML

It has a soft fragrance, combining tropical fruits and velvety flowers. With a little sweet touch and woody notes, the **ANI+ COLOGNE** makes your pet smell good for more time after the bath. It can be used in dogs and cats of all breeds, with +4 weeks old.

HOW TO USE:

Topical Use. After drying, apply the **ANI+ COLOGNE** on the pet's hair.

About Pet Society

Pet Society is a Brazilian company founded in 2004 in São Paulo, one of the most recognized manufacturers of pet care products worldwide, with extensive knowledge in raw material sourcing and cosmetic formulations. Pet Society develops safe, exclusive, and high-quality products to satisfy the needs of the pet market.

It is considered the most modern Latin American factory of health and hygiene products, following international standards of good manufacturing practice and environmental control. Pet Society exports products made in Brazil to more than 64 countries and has a branch office in Florida (USA). The philosophy of the company is to develop and produce high-performance products, bringing innovation and technology to pet care around the world.

PET SOCIETY

Founded in 2004, Pet Society belongs to a group that has been operating since 1986 in the pharmaceutical and human cosmetic markets, always bringing innovation and upholding strong corporate values such as respect for others and zero discrimination.

Pet Society is one of the most recognized brands in the pet market, not only in Brazil but also in the various countries where the company operates. It combines extensive scientific knowledge in safe ingredients and formulations with the needs of the veterinary market. The company seeks not only to create exclusive and high-quality products but also to introduce new concepts that benefit and help modernize the pet market.

With one of the most modern factories for animal hygiene and health products in Latin America, Pet Society operates with the rigor of international good manufacturing practices, prioritizing employee safety and adhering to strict environmental control standards.

The company has branches in Florida (USA) and Tokyo (Japan) and currently exports products to over 70 countries, becoming a global reference in the pet market.

SOCIAL RESPONSABILITY

Promoting sustainable development and increasing positive social impact are objectives shared by the founders and all employees. We develop our actions based on ethical and socially responsible practices, respecting society and the environment in which we operate.

Furthermore, Pet Society has had a strong involvement in social projects since its foundation, supporting various initiatives and institutions dedicated to assisting people and animals.

ENVIRONMENTAL RESPONSIBILITY

We are committed to complying with all environmental legislation, norms, and other responsibilities. We control, detect, and monitor the disposal of waste, packaging, wastewater from chemical products, and product transportation, thus solidifying our commitment to the Environmental Management System and the pursuit of continuous improvement. The company has an internal environmental responsibility program implemented, and its industrial plant operates with a zero-waste-to-nature disposal program, further proving its commitment to a Responsible Environmental Management System. The company also co-finances selective collection cooperatives that operate within the reverse logistics chain of the pet sector.

With the aim of effectively contributing to environmental preservation and providing a better world for current and future generations, Pet Society has developed various Eco-Friendly products. These are concentrated products that favor the use of smaller packaging and reduce energy consumption, plastic quantity, and save space for transport and storage, thereby decreasing the emission of carbon dioxide (CO₂) and other greenhouse gases.
