## Beggin' for more! More variety, better quality...

We felt that the pet industry needed more products that met higher standards of quality, using human grade ingredients with the highest of quality control protocols. This ensures that every treat and chew is produced with high standards.

### Why our product and what makes it unique.

#### *A little bit of This and a whole lotta That:*

We are crazy pet parents creating the best treats and chews for your beloved pets in the heart of Ontario, Canada.

At This & That Canine Co. we are a proudly Canadian company that carries a complete suite of delicious, high value, quality, human grade treats and chews that are the perfect complement to any diet.

Through innovation and a lot of feedback, we continue to lead the pack with our exciting new products. We always have something up our sleeve!

- Limited ingredient
- Low in protein and fat
- Packed with flavour!

### BROTHSICLES - Pork

- Limited ingredient
- Low in protein and fat
- Packed with flavour!

## BROTHSICLES

# BROTHIES

## HIGH PROTEIN MARROW CHEWS

Brothies are a high protein, nutrient-rich savoury chew designed to support dog's overall well-being, often made with real beef bone broth marrow for benefits like improved joint and immune health due to its high collagen and amino acid content. These chews pack a punch full of vitamins and minerals that can help to aid digestion.

Two sizes of long lasting chews are available to appeal to dogs natural chewing instincts while providing essential nutrients.

## BROTHIES
