

PAPER FROM FALLEN LEAVES

PRODUCT CATALOGUE

WE'RE TURNING GREEN WASTES INTO PAPER

Releaf Paper is produced from raw materials collected by public utilities within urban area. As a result, we are not only disposing green wastes but process it into sustainable paper for packaging manufacturing.

HOW DOES IT WORK?

1.

GET GREEN
WASTES FROM
CITIES

2.

CLEANING,

to paper production

CREATED BY NATURE

Releaf Paper presents family of sustainable Kraft papers made of fallen leaves' fibers. Depending on model it may also contain recycled fibers. Supplied in reels, Releaf Kraft series is designed to take customer packaging sustainability to a new level.

RELEAF'S KRAFT SERIES

Using functional packaging made of paper produced from green wastes, you also demonstrate visible commitment to circular economy.

FINISHED BY RELEAF

Discover the potential of natural, sustainable packaging made from fallen leaf fibers using Releaf technology for your business.

Are you a brand owner or retailer?

Packaging from Releaf Paper will not only be a functional tool to wrap your products but will also add value to your brand in the eyes of your customers.

FINISHED PRODUCT LINE

For brand-owners
