About Us

Rapid Organic Pvt. Ltd., based in Unjha, Gujarat (Spice Hub) is a dedicated supplier of premium organic and sustainably sourced spices and agricultural products. What began as a domestic trading operation has evolved into a farmer-linked sourcing model, enabling us to deliver high-quality, traceable, and sustainably grown products.

With diverse farm projects across India, we directly engage with farmers, ensuring transparent supply chains and consistently superior product quality. Now, as we expand from domestic operations to the international export market, our goal is to bring India's finest organic produce to global buyers with integrity and reliability.

Our Mission

To uplift farmers through income enhancement and capacity building while delivering clean, traceable, and sustainably sourced organic products to customers worldwide.

Our Vision

To become a globally trusted leader in organic and sustainable sourcing and supply, known for empowering farming communities, promoting sustainable agriculture, and ensuring uncompromised product quality.

Leadership Message

Having grown up as a farmer, I understand the challenges faced at the grassroots — uncertain incomes, limited market access, and lack of recognition for quality produce.
Rapid Organic Pvt. Ltd. was born from my personal journey and a strong belief that farmers deserve better opportunities, fair value, and global market access.

Our backward - integrated model is not just a business strategy; it is a commitment to empower farmers, promote sustainable agriculture, and build trust through transparency. Every product we supply carries the hard work, integrity, and pride of our farming communities. As we step into global markets, our promise remains unchanged - quality without compromise and growth that benefits farmers first.

Yogesh Joshi
Founder & Director
Rapid Organic Pvt. Ltd.

At **Rapid Organic Pvt. Ltd.**, our focus goes beyond sourcing organic products - it is about nurturing people, practices, and long-term sustainability. Working closely with farmers, especially women-led households and smallholders, has shown us how knowledge, training, and consistent support can transform livelihoods.

My role is driven by the belief that ethical sourcing, strong compliance, and responsible growth must go hand in hand. As we expand internationally, we remain deeply committed to maintaining transparency, certification integrity, and sustainable farming practices that respect both the land and the people who cultivate it.

Aruna Joshi
Director
Rapid Organic Pvt. Ltd.

Backward Integration

Our backward integration journey, initiated in 2009, is focused on strengthening our farm-level presence and building a robust, transparent supply chain. Today, Rapid Organic Pvt. Ltd. works directly with over 12,000 farmers across 30,000+ acres, and is further supported by a network of 50,000+ farmers through FPOs. Our cultivation footprint spans key agricultural states including Rajasthan, Gujarat, Madhya Pradesh, Maharashtra, Karnataka, and Andhra Pradesh.

This integration enables:

- Full traceability from farm to buyer
- Consistent quality management
- Training and capacity building for farmers
- Sustainable and organic farming adoption

Our roadmap includes expanding farmer coverage, increasing acreage under organic and sustainable cultivation, and adopting advanced agronomic practices to ensure long-term sustainable supply.

Certifications

We adhere to globally recognized organic, sustainable and quality standards. Our certifications include NPOP organic, USDA-NOP organic, EU organic, JAS Organic, COR, FSA (Farm Sustainability Assessment), ROC (Regenerative Organic Certified), Fair TSA etc.

These certifications reinforce our commitment to:

- Traceable and compliant sourcing
- High product integrity
- Environmentally responsible farming
- Trust and transparency in every supply partnership

Awards & Recognition

Rapid Organic Pvt. Ltd. has been consistently recognized for its contribution to sustainable and organic agriculture, farmer empowerment, and quality-driven sourcing. Over the years, we have received several awards and acknowledgments, including:

Pride of Gujarat Award – May 2025 for Remarkable Contribution in Promoting Sustainable and Organic Agriculture, presented by Hon'ble Governor of Gujarat Shri Acharya Devvrat Ji

Mahasanman Award – February 2024 for Visionary Leadership and Commitment to Empowering Farmers and Advancing the Organic Sector, presented by Hon'ble Gujarat Chief Minister Shri Bhupendra Patel

Best Organic Company of the Year 2024 by Associate chambers of Commerce and Industry of India

Award by Ministry of Food Processing for Outstanding Contribution in Organic farming

These recognitions reinforce our mission to uplift farming communities and deliver high-quality organic products with integrity and consistency.

Farmer Engagement & Field Activities

We build long-term, trust-based relationships with farmers by supporting them throughout the agricultural cycle.

Through regular field presence, knowledge sharing, and hands-on guidance, we enable growers to adopt best practices, enhance productivity, and meet quality, organic and sustainability standards.

- Crop-specific training and seasonal advisory support.
- Regular field monitoring and progress assessments.
- Soil health, input management and yield optimization guidance.
- Promotion of organic, sustainable and climate-resilient practices.
- Farmer mobilization and community-level knowledge sharing.
- Date collection, record keeping, and traceability documentation.
- Real-time feedback and issue resolution support.

Our Processing Capabilities

Our modern processing facilities are designed to maintain quality, safety, and traceability at every stage. Standardized processes ensure consistency while preserving the integrity of organic and sustainable products
