

BOLT ACTION

Ovis is named after the ancestor of domestic sheep existing in Anatolia. Carefully crafting every single detail like a work of art, Ovis represents all the experience and expertise Huglu has acquired over the years. The G2 model is the pinnacle of Huglu's bolt action experience. The G2 stands out with features such as a 51 cm steel barrel, 3 kg weight, 5+1 cartridge capacity, and an improved trigger mechanism.
