

The background is a photograph of a forest with tall trees and sunlight filtering through. Overlaid on this is a white topographic map pattern. In the center is a large orange octagon containing the text.

**WT**  
**WORK TUFF GEAR**

A background image of a forest scene. In the foreground, a campfire is burning with bright orange flames. Behind it, a green and yellow tent is pitched. The forest is filled with tall, thin trees, and the ground is covered in fallen leaves and branches. The lighting suggests it might be late afternoon or early morning, with a warm glow from the sun filtering through the trees.

Work Tuff Gear is where practical outdoor gear is made.

If you are out in the field and you need gear that can handle all types of tasks, including hiking, backpacking, camping, fishing, hunting, or even a combat situation. Work Tuff Gear is there for you.

WorkTuffGear understands that the gear you choose to carry in the field can improve your survival skills and give you a better chance of overcoming any obstacle.

After years of study, we have chosen a few premium sheets of steel to ensure the tools and knives we make are not only durable but also affordable for everyone.

Stay safe and enjoy your outdoor adventure.

ZEKE MANACHO

DESIGNER FOR WORKTUFFGEAR.

## DESIGN INCLUDES
